§ 3.1.15.2 Upon such assignment, if the Work has been suspended for more than 30 days, the compensation under the assigned agreement shall be equitably adjusted for increases in cost resulting from the suspension.

§ 3.1.15.3 Upon assignment to the Owner under this Section 3.1.15, the Owner may further assign the agreement to a successor design-builder or other entity. If the Owner assigns the agreement to a successor design-builder or other entity, the Owner shall nevertheless remain legally responsible for all of the successor design-builder's or other entity's obligations under the agreement.

§ 3.1.16 Design-Builder's Insurance and Bonds. The Design-Builder shall purchase and maintain insurance and provide bonds as set forth in Article 11 and AIA Document A141®–2024, Standard Form of Agreement Between Owner and Design-Builder for a Traditional Design-Build Project, Exhibit A, Insurance and Bonds.

ARTICLE 4 WORK PRIOR TO EXECUTION OF THE DESIGN-BUILD AMENDMENT

§ 4.1 General

§ 4.1.1 Any information submitted by the Design-Builder, and any interim decisions made by the Owner, shall be for the purpose of facilitating the design process and shall not modify the Owner's Criteria unless the Owner and Design-Builder execute a Modification.

§ 4.1.2 The Design-Builder shall advise and make recommendations to the Owner on proposed site use and improvements, selection of materials, building systems, and equipment, and temporary Project facilities. The

Design-Builder shall also provide the Owner with recommendations, consistent with the Owner's Criteria, on constructability; availability of materials and labor; time requirements for procurement, installation, and construction; and factors related to construction cost including, but not limited to, costs of alternative designs or materials, preliminary budgets, life-cycle data, and possible cost reductions.

§ 4.2 Evaluation of the Owner's Criteria

§ 4.2.1 The Design-Builder shall visit the Project site to become generally familiar with local conditions under which the Work is to be performed.

§ 4.2.2 The Design-Builder shall schedule and conduct meetings with the Owner and other necessary individuals or entities to discuss and review the Owner's Criteria as set forth in Section 1.1.

§ 4.2.3 The Design-Builder shall prepare and submit a written report to the Owner, summarizing the Design-Builder's evaluation of the Owner's Criteria. The report shall also include:

- .1 A description of local conditions under which the Work is to be performed, including conditions that may affect performance of the Work;
- .2 Illustrations depicting the scale and relationship of the Project components, including possible alternative approaches to design and construction of the Project;
- .3 Allocations of program functions, detailing each function and their square foot areas, and, if necessary, recommendations to adjust the Owner's Criteria to conform to the Owner's program functions;
- .4 Recommendations, if any, with regard to accelerated or fast-track scheduling, procurement, or phased construction;
- .5 A preliminary estimate of the Contract Sum, and, if necessary, recommendations to adjust the Owner's Criteria to conform to the Owner's budget for the Work;
- .6 A preliminary estimate of the compensation for Design Services to be performed after execution of the Design Build Amendment;
- .7 An evaluation of the compliance of the Owner's Criteria with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, and, if necessary, recommendations to adjust the Owner's Criteria to conform with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities;
- .8 A Project schedule, which shall include proposed dates for (i) design milestones; (ii) receiving additional information from, or for work to be completed by, the Owner; (iii) submission of the Design-Builder's Proposal; (iv) the Owner's review and approval of Design Phase submissions; and (v) review and approval of submissions by authorities having jurisdiction;
- .9 If necessary, recommendations to adjust the Owner's Criteria to conform to the Owner's schedule; and
- .10 The following:
(List additional information, if any, to be included in the Design-Builder's written report.)

§ 4.2.4 The Owner shall review the Design-Builder's written report and, if acceptable, provide the Design-Builder with written consent to proceed to the development of the Preliminary Design as described in Section 4.3.

§ 4.2.5 If the Owner's consent granted pursuant to Section 4.2.4 includes any changes to the Owner's Criteria, then the Owner and the Design-Builder shall execute a Modification pursuant to Article 6.

§ 4.3 Preliminary Design

§ 4.3.1 Upon the Owner's issuance of a written consent to proceed under Section 4.2.4, the Design-Builder shall prepare and submit a Preliminary Design to the Owner. The Preliminary Design shall include a report identifying any deviations from the Owner's Criteria, and shall include the following:

- .1 Confirmation of the allocations of program functions;
- .2 Site plan;
- .3 Building plans, sections, and elevations;
- .4 Structural system;
- .5 Selections of major building systems, including but not limited to mechanical, electrical, and plumbing systems; and
- .6 Outline specifications or sufficient drawing notes describing construction materials.

The Preliminary Design may include some combination of physical study models, perspective sketches, or digital modeling.

§ 4.3.2 The Owner shall review the Preliminary Design and, if acceptable, provide the Design-Builder with written consent to proceed to development of the Design-Builder's Proposal. The Preliminary Design shall not modify the Owner's Criteria unless the Owner and Design-Builder execute a Modification.

§ 4.4 Design-Builder's Proposal

§ 4.4.1 Upon the Owner's issuance of a written consent to proceed under Section 4.3.2, the Design-Builder shall prepare and submit the Design-Builder's Proposal to the Owner with a written statement of its basis, which shall include the following:

- .1 A list of the Drawings and Specifications, including all Addenda thereto;
- .2 A list of all Submittals that will be submitted to the Owner in accordance with Section 5.3.2;
- .3 A list of the clarifications and assumptions made by the Design-Builder in the preparation of the Design-Builder's Proposal;
- .4 The proposed Contract Sum, including the compensation method and, if based upon the Cost of the Work plus a Fee, a written statement of estimated cost organized by trade categories, allowances, contingencies, Design-Builder's Fee, and other items that comprise the Contract Sum;
- .5 The Design-Builder's Project schedule for the Work, showing the anticipated date of Substantial Completion upon which the Design-Builder's Proposal is based;
- .6 A list of the Design-Builder's key personnel, Subcontractors, and suppliers; and
- .7 A date by which the Owner must accept the Design-Builder's Proposal.

§ 4.4.2 The Design-Builder shall meet with the Owner to review the Design-Builder's Proposal. In the event that the Owner discovers any inconsistencies or inaccuracies in the information presented, the Owner shall promptly notify the Design-Builder, who shall make appropriate adjustments to the Design-Builder's Proposal, its basis, or both.

§ 4.4.3 Submission of the Design-Builder's Proposal shall constitute a representation by the Design-Builder that it has visited the site and become familiar with local conditions under which the Work is to be completed.

§ 4.5 Design-Build Amendment

§ 4.5.1 If the Owner and Design-Builder agree on the Design-Builder's Proposal, the Owner and Design-Builder shall execute the Design-Build Amendment setting forth the Contract Sum with the information and assumptions upon which it is based, the Contract Time, and the terms of their agreement.

§ 4.5.2 The Design-Builder shall not incur any cost to be paid as part of the Contract Sum prior to the execution of the Design-Build Amendment, unless the Owner provides prior written authorization for such costs.

§ 4.5.3 Any agreement to commence Early Release Work shall not waive the Owner's right to reject the Design-Builder's Proposal.

ARTICLE 5 WORK FOLLOWING EXECUTION OF THE DESIGN-BUILD AMENDMENT

§ 5.1 Construction Documents

§ 5.1.1 Upon the execution of the Design-Build Amendment, the Design-Builder shall prepare Construction Documents. The Construction Documents shall establish the quality levels of materials and systems required. The Construction Documents shall be consistent with the Design-Build Documents.

§ 5.1.2 The Design-Builder shall provide the Construction Documents to the Owner for the Owner's information. If the Owner discovers any deviations between the Construction Documents and the Design-Build Documents, the Owner shall promptly notify the Design-Builder of such deviations in writing. The Construction Documents shall not modify the Design-Build Documents unless the Owner and Design-Builder execute a Modification. The failure of the Owner to discover any such deviations shall not relieve the Design-Builder of the obligation to perform the Work in accordance with the Design-Build Documents.

§ 5.2 Construction Work

§ 5.2.1 Commencement. Except for any Early Release Work described in Section 5.2.2, the date of commencement of the Construction Work shall be the date identified in the Design-Build Amendment.

§ 5.2.2 Early Release Work

§ 5.2.2.1 The Design-Builder shall prepare, for the Owner's review and acceptance, a procurement proposal for Early Release Work which includes (a) portions of the Design Services or Construction Work that will be issued for procurement and construction in advance of the Design-Build Amendment, and (b) materials or equipment that must be procured prior to execution of the Design-Build Amendment.

§ 5.2.2.2 If the Owner accepts the Design-Builder's procurement proposal for Early Release Work, the Design-Builder shall prepare, for the Owner's review and acceptance, an authorization to proceed with Early Release Work describing the scope, schedule for performance, compensation, payments, retainage, insurance and bonds, and other terms and conditions applicable to procurement and performance of the Early Release Work. The Design-Builder has no obligation to commence procurement and performance of Early Release Work until the Owner and Design-Builder execute such authorization.

§ 5.2.2.3 Following execution of the authorization, the Design-Builder shall expedite and coordinate the procurement and performance of Early Release Work in accordance with this Agreement and such authorization. Following execution of the Design-Build Amendment, compensation for the Early Release Work shall be included in the Contract Sum and the time for performing the Early Release Work shall be included in the Contract Time.

§ 5.2.2.4 Early Procurement of Materials or Equipment by Owner

§ 5.2.2.4.1 If the Owner agrees to procure any materials or equipment prior to execution of the Design-Build Amendment, the Owner shall procure the materials or equipment on terms and conditions acceptable to the Design-Builder. After execution of the Design-Build Amendment, the Owner shall assign all contracts for these materials or equipment to the Design-Builder and the Design-Builder shall thereafter accept responsibility for them.

§ 5.2.3 Supervision. The Design-Builder shall supervise and direct the Construction Work, using the Design-Builder's best skill and attention. The Design-Builder shall be solely responsible for, and have control over, construction means, methods, techniques, sequences, and procedures, and for coordinating all portions of the Construction Work under the Contract, unless the Design-Build Documents provide other specific instructions concerning these matters.

§ 5.3 Submittals

§ 5.3.1 Submittals consist of Shop Drawings, Product Data, and Samples.

- .1 Shop Drawings.** Shop Drawings are drawings, diagrams, schedules, calculations, and other data specially prepared for the Construction Work by the Design-Builder or a Subcontractor, Sub-subcontractor, manufacturer, supplier, or distributor, to illustrate some portion of the Construction Work.
- .2 Product Data.** Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams, and other information furnished by the Design-Builder to illustrate materials or equipment for some portion of the Construction Work.
- .3 Samples.** Samples are physical examples that illustrate materials, equipment, or workmanship, and establish standards by which the Construction Work will be judged.

§ 5.3.1.4 Submittals are not Design-Build Documents. Their purpose is to demonstrate how the Design-Builder proposes to conform to the information given and the design concept expressed in the Design-Build Documents for those portions of the Construction Work for which the Design-Build Documents require submittals. Review by the Owner is subject to the limitations of Section 5.3.3.1. Informational submittals upon which the Owner is not expected to take responsive action may be so identified in the Design-Build Documents. Submittals that are not required by the Design-Build Documents may be returned by the Owner without action.

§ 5.3.1.5 Submittal Schedule. If the Design-Build Documents require the Design-Builder to submit Submittals to the Owner during performance of the Construction Work, the Design-Builder, prior to submitting any submittals, and thereafter as necessary to maintain a current submittal schedule, shall provide a submittal schedule for the Owner's approval. The Owner's approval shall not be unreasonably delayed or withheld. The submittal schedule shall (1) be coordinated with the Design-Builder's construction schedule, and (2) allow the Owner reasonable time to review submittals. If the Design-Builder fails to submit a submittal schedule or fails to provide submittals in accordance with the approved submittal schedule, the Design-Builder shall not be entitled to any increase in the Contract Sum or extension of Contract Time based on the time required for review of submittals.

§ 5.3.1.6 Documents and Submittals at the Site

The Design-Builder shall make available, at the Project site, the Design-Build Documents, including Change Orders, Change Directives, and other Modifications, in good order and marked currently to indicate field changes and selections made during performance of the Construction Work, and the approved Submittals. These shall be in electronic form or paper copy, available to the Owner, and delivered to the Owner upon completion of the Work as a record of the Construction Work as constructed.

§ 5.3.2 Design-Builder's Submittal Responsibilities

§ 5.3.2.1 The Design-Builder shall review for compliance with the Design-Build Documents, approve, and submit to the Owner, Submittals required by the Design-Build Documents, in accordance with the submittal schedule approved by the Owner or, in the absence of an approved submittal schedule, with reasonable promptness and in such sequence as to cause no delay in the Construction Work or in the activities of the Owner or of Separate Contractors.

§ 5.3.2.2 By submitting Submittals, the Design-Builder represents to the Owner that the Design-Builder has (1) reviewed and approved them, (2) determined and verified materials, field measurements, and field construction criteria related thereto, or will do so, and (3) checked and coordinated the information contained within such submittals with the requirements of the Construction Work and of the Design-Build Documents.

§ 5.3.2.3 The Design-Builder shall perform no portion of the Construction Work for which the Design-Build Documents require submittal and review of Submittals, until the respective submittal has been approved by the Owner.

§ 5.3.2.4 The Construction Work shall be in accordance with approved submittals except that the Design-Builder shall not be relieved of responsibility for deviations from the requirements of the Design-Build Documents by the Owner's approval of Submittals, unless the Design-Builder has specifically notified the Owner of such deviation at the time of submittal and (1) the Owner has given written approval to the specific deviation as a minor change in the Work, or (2) a Change Order or Change Directive has been issued authorizing the deviation. The Design-Builder shall not be relieved of responsibility for errors or omissions in Submittals by the Owner's approval thereof.

§ 5.3.2.5 The Design-Builder shall direct specific attention, in writing or on resubmitted Submittals, to revisions other than those requested by the Owner on previous submittals. In the absence of such notice, the Owner's approval of a resubmission shall not apply to such revisions.

§ 5.3.3 Owner's Submittal Responsibilities

§ 5.3.3.1 The Owner will review, approve, or take other appropriate action upon, the Design-Builder's Submittals, but only for the limited purpose of checking for conformance with the information and design concept expressed in the Design-Build Documents. The Owner's action will be taken in accordance with the submittal schedule approved by the Owner or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time to permit adequate review. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Design-Builder as required by the Design-Build Documents. The Owner's review of the Design-Builder's Submittals shall not relieve the Design-Builder of the obligations under Sections 3.1.3, 3.1.11, and 5.3.2. The Owner's review shall not constitute approval of safety precautions or of any construction means, methods, techniques, sequences, or procedures. The Owner's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 5.3.3.2 Upon review of the submittals required by the Design-Build Documents, the Owner shall notify the Design-Builder of any non-conformance with the Design-Build Documents the Owner discovers.

§ 5.3.3.3 The persons or entities, in addition to the Owner's representative, who are required to review the Design-Builder's Submittals are as follows:

(List name, address, and other information.)

§ 5.4 Services Necessary to Support Construction Work

§ 5.4.1 The Design-Builder shall provide the services required to complete the Construction Work including services required to carry out the Design-Builder's responsibilities for construction means, methods, techniques, sequences, and procedures. The Design-Builder shall perform such services in compliance with applicable law.

§ 5.4.2 If the Design-Build Documents require services, certifications, or approvals by a licensed design professional during Construction, the drawings, calculations, specifications, certifications, Shop Drawings, and other Submittals prepared under the Design-Build Documents shall be signed and sealed by such design professional.

§ 5.4.3 The Owner shall be entitled to rely upon the services, certifications, and approvals provided by the design professionals under Section 5.4.2. The Owner shall provide prompt notice to the Design-Builder if the Owner observes or otherwise becomes aware of any errors, omissions, or inconsistencies in such services or information. The Owner is not required to ascertain that the services, certifications, and approvals performed or provided by the Design-Builder or the licensed design professional in connection with the Construction Work are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Owner shall promptly report to the Design-Builder any nonconformity discovered by, or made known to, the Owner.

§ 5.5 Labor and Materials

§ 5.5.1 Unless otherwise provided in the Design-Build Documents, the Design-Builder shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services, necessary for proper execution and completion of the Construction Work, whether temporary or permanent, and whether or not incorporated or to be incorporated in the construction.

§ 5.5.2 When a material or system is specified in the Design-Build Documents, the Design-Builder may make substitutions only with the consent of the Owner and in accordance with a Change Order or Change Directive.

§ 5.5.3 The Design-Builder shall enforce strict discipline and good order among the Design-Builder's employees and other persons carrying out the Construction Work. The Design-Builder shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.

§ 5.6 Taxes

The Design-Builder shall pay sales, consumer, use and similar taxes, for the Construction Work provided by the Design-Builder, that are legally enacted when the Design-Build Amendment is executed, whether or not yet effective or merely scheduled to go into effect.

§ 5.7 Permits, Fees, Notices and Compliance with Laws

§ 5.7.1 Unless otherwise provided in the Design-Build Documents, the Design-Builder shall secure and pay for the building permit as well as any other permits, fees, licenses, and inspections by government agencies, necessary for proper execution of the Construction Work and Substantial Completion of the Project.

§ 5.7.2 The Design-Builder shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, applicable to performance of the Construction Work.

§ 5.7.3 Concealed or Unknown Conditions. If the Design-Builder encounters conditions at the site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Design-Build Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Design-Build Documents, the Design-Builder shall promptly provide notice to the Owner before conditions are disturbed and in no event later than 14 days after the conditions are first observed. The Owner shall promptly investigate such conditions and, if the Owner determines that they differ materially and cause an increase or decrease in the Design-Builder's cost of, or time required for, performance of any part of the Work, the Contract Sum or Contract Time, or both, shall be equitably adjusted. If the Owner determines that the conditions at the site are not materially different from those indicated in the Design-Build Documents and that no change in the terms of the Contract is justified, the Owner shall promptly notify the Design-Builder, stating the reasons. If the Design-Builder disputes the Owner's determination, the Design-Builder may submit a Claim as provided in Article 15.

§ 5.7.4 If, in the course of the Construction Work, the Design-Builder encounters human remains, or recognizes the existence of burial markers, archaeological sites, or wetlands, not indicated in the Design-Build Documents, the

Design-Builder shall immediately suspend any operations that would affect them and shall notify the Owner. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Design-Builder shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Sum and Contract Time arising from the existence of such remains or features may be made as provided in Article 15.

§ 5.8 Allowances

§ 5.8.1 The Design-Builder shall include in the Contract Sum all allowances stated in the Design-Build Documents. Items covered by allowances shall be supplied for such amounts, and by such persons or entities as the Owner may direct, but the Design-Builder shall not be required to employ persons or entities to whom the Design-Builder has reasonable objection.

§ 5.8.2 Unless otherwise provided in the Design-Build Documents,

- .1 allowances shall cover the cost to the Design-Builder of materials and equipment delivered at the site and all required taxes, less applicable trade discounts;
- .2 the Design-Builder's costs for unloading and handling at the site, labor, installation costs, overhead, profit, and other expenses contemplated for stated allowance items, shall be included in the Contract Sum but not in the allowances; and
- .3 whenever costs are more than or less than allowances, the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under Section 5.8.2.1 and (2) changes in Design-Builder's costs under Section 5.8.2.2.

§ 5.8.3 The Owner shall make selections of materials and equipment with reasonable promptness for allowances requiring Owner selection.

§ 5.9 Subcontracts and Other Agreements

§ 5.9.1 Those portions of the Construction Work that the Design-Builder does not customarily perform with the Design-Builder's own personnel shall be performed under subcontracts or other appropriate agreements with the Design-Builder. The Owner may designate specific persons from whom, or entities from which, the Design-Builder shall obtain bids. The Design-Builder shall obtain bids from subcontractors, and from suppliers of materials or equipment fabricated especially for the Construction Work, who are qualified to perform that portion of the Construction Work in accordance with the requirements of the Design-Build Documents. The Design-Builder shall deliver such bids to the Owner with an indication as to which bids the Design-Builder intends to accept. The Owner then has the right to review the Design-Builder's list of proposed subcontractors and suppliers and, subject to Section 5.9.1.1, to object to any subcontractor or supplier. Any approval or objection by the Owner shall not relieve the Design-Builder of its responsibility to perform the Construction Work in accordance with the Design-Build Documents. The Design-Builder shall not be required to contract with anyone to whom the Design-Builder has reasonable objection.

§ 5.9.1.1 When a specific subcontractor or supplier (1) is recommended to the Owner by the Design-Builder; (2) is qualified to perform that portion of the Construction Work; and (3) has submitted a bid that conforms to the requirements of the Design-Build Documents without reservations or exceptions, but the Owner requires that another bid be accepted, then the Design-Builder may require that a Change Order be issued to adjust the Contract Sum by the difference between the bid of the person or entity recommended to the Owner by the Design-Builder and the amount of the subcontract or other agreement actually signed with the person or entity designated by the Owner.

§ 5.9.2 Subcontracts or other agreements shall conform to the applicable payment provisions of this Agreement and shall not be awarded on the basis of cost plus a fee without the Owner's prior written approval. If a subcontract is awarded on the basis of cost plus a fee, the Design-Builder shall provide in the Subcontract for the Owner to receive the same audit rights with regard to the Subcontractor as the Owner receives with regard to the Design-Builder in Article 9.

§ 5.10 Use of Site

The Design-Builder shall confine operations at the site to areas permitted by applicable laws, statutes, ordinances, codes, rules and regulations, lawful orders of public authorities, and the Design-Build Documents, and shall not unreasonably encumber the site with materials or equipment.

§ 5.11 Cutting and Patching

The Design-Builder shall not cut, patch, or otherwise alter fully or partially completed construction by the Owner or a Separate Contractor except with written consent of the Owner and Separate Contractor. Consent shall not be unreasonably withheld. The Design-Builder shall not unreasonably withhold, from the Owner or Separate Contractor, its consent to cutting or otherwise altering the Construction Work.

§ 5.12 Cleaning Up

§ 5.12.1 The Design-Builder shall keep the premises and surrounding area free from accumulation of waste materials and rubbish caused by operations under the Contract. At completion of the Construction Work, the Design-Builder shall remove waste materials, rubbish, the Design-Builder's tools, construction equipment, machinery and surplus materials from and about the Project.

§ 5.12.2 If the Design-Builder fails to clean up as provided in the Design-Build Documents, the Owner may do so and the Owner shall be entitled to reimbursement from the Design-Builder.

§ 5.13 Access to Construction Work

The Design-Builder shall provide the Owner and its Separate Contractors and consultants with access to the Construction Work in preparation and progress wherever located. The Design-Builder shall notify the Owner regarding Project safety criteria and programs, which the Owner, and its Separate Contractors and consultants, shall comply with while at the site.

§ 5.14 Construction Work by Owner or by Separate Contractors

§ 5.14.1 Owner's Right to Perform Construction and to Award Separate Contracts

§ 5.14.1.1 The term "Separate Contractor(s)" shall mean contractors retained by the Owner under separate agreements. The Owner reserves the right to perform construction or operations related to the Project with the Owner's own forces, and with Separate Contractors retained under provisions substantially similar to those of this Agreement. The Owner will identify in the Design-Build Amendment the extent of construction or operations related to the Project that will be performed by Separate Contractors, and will notify the Design-Builder promptly after execution of any agreement with a Separate Contractor.

§ 5.14.1.2 The Owner shall coordinate the activities of the Owner's own forces, and of each Separate Contractor, with the Construction Work of the Design-Builder, who shall cooperate with them. The Design-Builder shall participate in a joint review of the construction schedules of the Owner and any Separate Contractors and after mutual agreement the Design-Builder shall revise its construction schedule. The construction schedules shall then constitute the schedules to be used by the Design-Builder, Separate Contractors, and the Owner until subsequently revised.

§ 5.14.1.3 Unless otherwise provided in the Design-Build Documents, when the Owner performs construction or operations related to the Project with the Owner's own forces or with Separate Contractors, the Owner or its Separate Contractors shall have the same obligations and rights that the Design-Builder has under the Contract.

§ 5.15 Owner's Right to Clean Up

If a dispute arises among the Design-Builder, Separate Contractors, and the Owner as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish, the Owner may clean up and will allocate the cost among those responsible.

§ 5.16 Mutual Responsibility

§ 5.16.1 The Design-Builder shall afford the Owner and Separate Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Design-Builder's construction and operations with theirs as required by the Design-Build Documents.

§ 5.16.2 If part of the Design-Builder's Construction Work depends for proper execution or results upon construction or operations by the Owner or a Separate Contractor, the Design-Builder shall, prior to proceeding with that portion of the Construction Work, promptly notify the Owner of apparent discrepancies or defects in the construction or operations by the Owner or Separate Contractor that would render it unsuitable for proper execution and results of the Design-Builder's Construction Work. Failure of the Design-Builder to notify the Owner of apparent discrepancies or defects prior to proceeding with the Construction Work shall constitute an acknowledgment that the Owner's or Separate Contractor's completed or partially completed construction or operations is fit and proper to

receive the Design-Builder's Construction Work. The Design-Builder shall not be responsible for discrepancies or defects in the construction or operations by the Owner or Separate Contractor that are not apparent.

§ 5.16.3 The Design-Builder shall reimburse the Owner for costs the Owner incurs that are payable to a Separate Contractor because of the Design-Builder's delays, improperly timed activities, or defective Construction Work. The Owner shall be responsible to the Design-Builder for costs the Design-Builder incurs because of a Separate Contractor's delays, improperly timed activities, damage to the Construction Work or defective Construction Work.

§ 5.16.4 The Design-Builder shall promptly remedy damage that the Design-Builder causes to completed or partially completed Construction Work or to property of the Owner or Separate Contractors as provided in Section 10.2.5.

§ 5.16.5 The Owner and each Separate Contractor shall have the same responsibilities for cutting and patching the Construction Work as the Design-Builder has with respect to the Construction Work of the Owner or Separate Contractors in Section 5.11.

§ 5.16.5.1 The Owner shall be responsible for failures by its Separate Contractors to comply with the obligations in this Agreement.

ARTICLE 6 CHANGES IN THE WORK

§ 6.1 General

§ 6.1.1 Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order or Change Directive, subject to the limitations stated in this Article 6 and elsewhere in the Design-Build Documents.

§ 6.1.2 A Change Order shall be based upon agreement between the Owner and Design-Builder. The Owner may issue a Change Directive without agreement by the Design-Builder.

§ 6.1.3 Changes in the Work shall be performed under applicable provisions of the Design-Build Documents. The Design-Builder shall proceed promptly with changes in the Work, unless otherwise provided in the Change Order or Change Directive.

§ 6.2 Change Orders

A Change Order is a written instrument signed by the Owner and Design-Builder stating their agreement upon all of the following:

- .1 The change in the Work;
- .2 The amount of the adjustment, if any, in the Contract Sum or, if prior to execution of the Design-Build Amendment, the adjustment in the Design-Builder's compensation; and
- .3 The extent of the adjustment, if any, in the Contract Time.

§ 6.3 Change Directives

§ 6.3.1 A Change Directive is a written order signed by the Owner directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or, if prior to execution of the Design-Build Amendment, the adjustment in the Design-Builder's compensation, Contract Time, or both. The Owner may by Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions, or other revisions. The Contract Sum or, if prior to execution of the Design-Build Amendment, the Design-Builder's compensation, or Contract Time, or both, shall be adjusted accordingly.

§ 6.3.2 A Change Directive shall be used in the absence of total agreement on the terms of a Change Order.

§ 6.3.3 If the Change Directive provides for an adjustment to the Contract Sum or, if prior to execution of the Design-Build Amendment, an adjustment in the Design-Builder's compensation, the adjustment shall be based on one of the following methods:

- .1 Mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;
- .2 Unit prices stated in the Design-Build Documents or subsequently agreed upon;
- .3 Cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee. The Design-Builder shall keep and present, in such form as the Owner may prescribe, an itemized accounting together with appropriate supporting data; or
- .4 As provided in Section 6.3.4.

§ 6.3.4 If the Design-Builder does not respond promptly or disagrees with the method for adjustment in the Contract Sum or, if prior to execution of the Design-Build Amendment, the method for adjustment in the Design-Builder's compensation, the Owner shall determine the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase, an amount for overhead and profit as set forth in this Agreement, or if no such amount is set forth in this Agreement, a reasonable amount. In such case, the Design-Builder shall keep and present, in such form as the Owner may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Design-Build Documents, costs for the purposes of this Section 6.3.4 shall be limited to the following:

- .1 Additional costs of professional services;
- .2 Costs of labor, applicable payroll taxes, fringe benefits required by agreement or custom, workers' compensation insurance, and other employee costs approved by the Owner;
- .3 Costs of materials, supplies, and equipment, including cost of transportation, whether incorporated or consumed;
- .4 Rental costs of machinery and equipment, exclusive of hand tools, whether rented from the Design-Builder or others;
- .5 Costs of premiums for all bonds and insurance, permit fees, and sales, use, or similar taxes, directly related to the change; and
- .6 Costs of supervision and field office personnel directly attributable to the change.

§ 6.3.5 Upon receipt of a Change Directive, the Design-Builder shall promptly proceed with the change in the Work involved and advise the Owner of the Design-Builder's agreement or disagreement with the method, if any, provided in the Change Directive for determining the proposed adjustment in the Contract Sum or, if prior to execution of the Design-Build Amendment, the adjustment in the Design-Builder's compensation, or Contract Time.

§ 6.3.6 A Change Directive signed by the Design-Builder prior to execution of the Design-Build Amendment indicates the Design-Builder's agreement therewith, including adjustment in compensation and schedule, or the method for determining them. A Change Directive signed by the Design-Builder after the execution of the Design-Build Amendment indicates the Design-Builder's agreement therewith, including adjustment in Contract Sum and Contract Time, or the method for determining them. Any such agreement shall be effective immediately and shall be recorded as a Change Order.

§ 6.3.7 If the Design-Builder disagrees with the adjustment in Contract Time, the Design-Builder may make a Claim in accordance with the applicable provisions of Article 15.

§ 6.3.8 The amount of credit to be allowed by the Design-Builder to the Owner for a deletion or change that results in a net decrease in the Contract Sum or, if prior to execution of the Design-Build Amendment, in the Design-Builder's compensation, shall be actual net cost. When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change.

§ 6.3.9 Pending final determination of the total cost of a Change Directive to the Owner, the Design-Builder may request payment for Work completed under the Change Directive in Applications for Payment. The Owner will make an interim determination for purposes of certification for payment for those costs deemed to be reasonably justified. The Owner's interim determination of cost shall adjust the Contract Sum or, if prior to execution of the Design-Build Amendment, the Design-Builder's compensation, on the same basis as a Change Order, subject to the right of Design-Builder to disagree and assert a Claim in accordance with Article 15.

§ 6.3.10 When the Owner and Design-Builder agree with a determination concerning the adjustments in the Contract Sum or, if prior to execution of the Design-Build Amendment, the adjustment in the Design-Builder's compensation and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and the Owner and Design-Builder shall execute a Change Order. Change Orders may be issued for all or any part of a Change Directive.

ARTICLE 7 OWNER'S RESPONSIBILITIES

§ 7.1 General

§ 7.1.1 The Owner shall designate in writing a representative who shall have express authority to bind the Owner with respect to all matters requiring the Owner's approval or authorization.

§ 7.1.2 The Owner shall render decisions in a timely manner and in accordance with the Design-Builder's schedule. The Owner shall furnish to the Design-Builder, within 15 days after receipt of a written request, information necessary and relevant for the Design-Builder to evaluate, give notice of, or enforce mechanic's lien rights. Such information shall include a correct statement of the record legal title to the property on which the Project is located, usually referred to as the site, and the Owner's interest therein.

§ 7.1.3 The Owner shall furnish and coordinate the services of the Owner's consultants and Separate Contractors with those services provided by the Design-Builder. Upon the Design-Builder's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants or Separate Contractors. The Owner shall require that its consultants and contractors maintain insurance, including professional liability insurance, as appropriate to the services or work provided.

§ 7.1.4 The Owner shall furnish the services of consultants required by a material change in the Owner's Criteria or authorize the Design-Builder to furnish them pursuant to a Change Order or Change Directive.

§ 7.1.5 If the Owner identifies a Sustainable Objective, the Owner shall fulfill its responsibilities as required in AIA Document A141-2024 Exhibit C, attached to this Agreement.

§ 7.1.6 Except as otherwise provided in the Design-Build Documents or when direct communications have been specially authorized, the Owner shall communicate through the Design-Builder with persons or entities employed or retained by the Design-Builder, including the Architect and Subcontractors.

§ 7.1.7 The Owner shall purchase and maintain insurance as set forth in Article 11 and AIA Document A141-2024 Exhibit A.

§ 7.1.8 Visits to the site by the Owner shall not be construed to create an obligation on the part of the Owner to make on-site inspections to check the quality or quantity of the Work. The Owner shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences, or procedures, or for the safety precautions and programs in connection with the Work.

§ 7.1.9 The Owner shall not be responsible for the Design-Builder's failure to perform the Work in accordance with the requirements of the Design-Build Documents. The Owner shall not have control over or charge of, and will not be responsible for, acts or omissions of the Design-Builder, Architect, Consultants, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work.

§ 7.1.10 The Owner may reject Work that does not conform to the Design-Build Documents. The Owner may require inspection or testing of the Construction Work in accordance with Section 16.5.2, whether or not the Construction Work is fabricated, installed, or completed. However, neither this authority of the Owner nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Owner to the Design-Builder.

§ 7.1.11 The Owner shall determine the date or dates of Substantial Completion in accordance with Section 9.8 and the date of final completion in accordance with Section 9.10.

§ 7.1.12 The Owner acknowledges that accelerated or fast-track design and construction, or phased construction, provides a benefit, but also carries with it associated risks. Such risks include the Owner incurring costs for the Design-Builder to coordinate and redesign portions of the Project affected by procuring or installing elements of the Project prior to the completion of all relevant Design-Build Documents, and costs for the Design-Builder to remove and replace previously installed Construction Work. If the Owner approves accelerated or fast-track design and construction, or phased construction, the Owner agrees to include in the budget for the Work sufficient contingencies to cover such costs.

§ 7.2 Information and Services Required of the Owner

§ 7.2.1 The Owner shall furnish information or services required of the Owner by the Design-Build Documents with reasonable promptness.

§ 7.2.2 The Owner shall provide, to the extent under the Owner's control and if not required by the Design-Build Documents to be provided by the Design-Builder, the results and reports of prior tests, inspections, or investigations

conducted for the Project involving structural or mechanical systems; chemical, air and water pollution; hazardous materials; or environmental and subsurface conditions and information regarding the presence of pollutants at the Project site.

§ 7.2.3 The Owner shall promptly obtain easements, zoning variances, and legal authorizations or entitlements regarding site utilization where essential to the execution of the Project.

§ 7.2.4 The Owner shall cooperate with the Design-Builder in securing building and other permits, licenses, and inspections.

§ 7.2.5 The services, information, surveys, and reports required to be provided by the Owner under this Agreement, shall be furnished at the Owner's expense. Except as otherwise specifically provided in this Agreement or elsewhere in the Design-Build Documents or to the extent the Owner advises the Design-Builder to the contrary in writing, the Design-Builder shall be entitled to rely on, and shall not be responsible for, the accuracy, completeness, and timeliness of, services, information, surveys, and reports furnished by the Owner.

§ 7.2.6 If the Owner observes or otherwise becomes aware of a fault or defect in the Work or non-conformity with the Design-Build Documents, the Owner shall give prompt notice thereof to the Design-Builder.

§ 7.2.7 Evidence of the Owner's Financial Arrangements

§ 7.2.7.1 Prior to execution of the Design-Build Amendment, the Design-Builder may request that the Owner furnish reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract.

§ 7.2.7.2 Following the execution of the Design-Build Amendment and upon written request by the Design-Builder, the Owner shall furnish to the Design-Builder reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract only if (1) the Owner fails to make payments to the Design-Builder as the Design-Build Documents require; (2) the Design-Builder identifies in writing a reasonable concern regarding the Owner's ability to make payment when due; or (3) a change in the Work materially changes the Contract Sum. If the Owner fails to provide such evidence, as required, within fourteen days of the Design-Builder's request, the Design-Builder may immediately stop the Work and, in that event, shall notify the Owner that the Work has stopped. However, if the request is made because a change in the Work materially changes the Contract Sum under (3) above, the Design-Builder may immediately stop only that portion of the Work affected by the change until reasonable evidence is provided. If the Work is stopped under this Section 7.2.7, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Design-Builder's reasonable costs of shutdown, delay and start-up, plus interest as provided in the Design-Build Documents.

§ 7.2.7.3 After the Owner furnishes evidence of financial arrangements under this Section 7.2.7, the Owner shall not materially vary such financial arrangements without prior notice to the Design-Builder.

§ 7.2.7.4 Where the Owner has designated information furnished under this Section 7.2.7 as "confidential," the Design-Builder shall keep the information confidential as set forth in Article 16.

§ 7.2.8 Unless required by the Design-Build Documents to be provided by the Design-Builder, the Owner shall furnish the services of geotechnical engineers or other consultants when such services are reasonably necessary to properly carry out the Design Services furnished by the Design-Builder. Such services may include, but are not limited to, test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, ground corrosion and resistivity tests, and necessary operations for anticipating subsoil conditions. The services of geotechnical engineer(s) or other consultants shall include preparation and submission of all appropriate reports and professional recommendations.

§ 7.2.9 The Owner shall furnish surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project, and a written legal description of the site. The surveys and legal information shall include, as applicable, grades and lines of streets, alleys, pavements, and adjoining property and structures; designated wetlands; adjacent drainage; rights-of-way, restrictions, easements, encroachments, zoning or deed restrictions, and boundaries and contours of the site; locations, dimensions, and other necessary data with respect to existing buildings, other improvements and trees; and information concerning available utility services and lines, both public and private, above and below grade, including inverts and depths. All the information on the survey shall be referenced to a Project benchmark.

§ 7.2.10 Unless required by the Design-Build Documents to be provided by the Design-Builder, the Owner shall, upon request from the Design-Builder, furnish the services of other consultants when such services are reasonably necessary to properly carry out the Design Services furnished by the Design-Builder. In such event, the Design-Builder shall identify the services required.

§ 7.2.11 The Owner shall furnish all legal, insurance, and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 7.3 Owner's Right to Stop Construction Work

If the Design-Builder fails to correct Construction Work which is not in accordance with the requirements of the Design-Build Documents as required by Section 12.2 or persistently fails to carry out Construction Work in accordance with the Design-Build Documents, the Owner may issue a written order to the Design-Builder to stop the Construction Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop the Construction Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Design-Builder or any other person or entity, except to the extent required by Section 5.14.1.2.

§ 7.4 Owner's Right to Carry Out the Construction Work

If the Design-Builder defaults or neglects to carry out the Construction Work in accordance with the Design-Build Documents and fails within a ten-day period after receipt of notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such default or neglect. The Owner may, pursuant to Section 9.5.1, withhold or nullify a Certificate for Payment in whole or in part, to the extent reasonably necessary to reimburse the Owner for the reasonable cost of correcting such deficiencies. If current and future payments are not sufficient to cover such amounts, the Design-Builder shall pay the difference to the Owner. If the Design-Builder disagrees with the actions of the Owner, or the amounts claimed as costs to the Owner, the Design-Builder may file a claim pursuant to Article 15.

ARTICLE 8 TIME

§ 8.1 Progress and Completion

§ 8.1.1 Time limits stated in the Design-Build Documents are of the essence of the Contract. By executing the Design-Build Amendment, the Design-Builder confirms that the Contract Time is a reasonable period for performing the Work.

§ 8.1.2 The Design-Builder shall proceed expeditiously with adequate forces and shall achieve Substantial Completion within the Contract Time.

§ 8.2 Delays and Extensions of Time

§ 8.2.1 If the Design-Builder is delayed at any time in the commencement or progress of the Work by (1) an act or neglect of the Owner or consultant, or of a Separate Contractor; (2) changes ordered in the Work; (3) labor disputes, fire, unusual delay in deliveries, unavoidable casualties, adverse weather conditions documented in accordance with Section 15.1.6.2, unusual delays by public authorities related to permits, licenses, and inspections, or other causes beyond the Design-Builder's control; (4) delay authorized by the Owner pending mediation and binding dispute resolution; or (5) other causes that the Owner determines justify delay, then the Contract Time shall be extended for such reasonable time as the Owner may determine.

§ 8.2.2 Claims relating to time shall be made in accordance with applicable provisions of Article 15.

§ 8.2.3 This Section 8.2 does not preclude recovery of damages for delay by either party under other provisions of the Design-Build Documents.

ARTICLE 9 PAYMENT APPLICATIONS AND PROJECT COMPLETION

§ 9.1 Contract Sum

The Contract Sum is stated in the Design-Build Amendment.

§ 9.1.1 If unit prices are stated in the Design-Build Amendment or subsequently agreed upon, and if quantities set forth in the Design-Build Amendment are materially changed in a proposed Change Order or Change Directive, the applicable unit prices shall be equitably adjusted.

§ 9.2 Schedule of Values or Control Estimate

Where the Contract Sum is based on a stipulated sum or Guaranteed Maximum Price, the Design-Builder shall submit a schedule of values to the Owner prior to the first Application for Payment after execution of the Design-Build Amendment, allocating the entire Contract Sum to the various portions of the Work. The schedule of values shall be prepared in the form, and supported by the data to substantiate its accuracy, required by the Owner. This schedule, unless objected to by the Owner, shall be used as a basis for reviewing the Design-Builder's Applications for Payment. Any changes to the schedule of values shall be submitted to the Owner and supported by such data to substantiate its accuracy as the Owner may require, and unless objected to by the Owner, shall be used as a basis for reviewing the Design-Builder's subsequent Applications for Payment.

§ 9.2.1 Where the Contract Sum is the Cost of the Work plus the Design-Builder's Fee without a Guaranteed Maximum Price, the Design-Builder shall prepare and submit to the Owner a Control Estimate within 14 days of executing this Agreement. The Control Estimate shall include the estimated Cost of the Work plus the Design-Builder's Fee.

§ 9.2.2 The Control Estimate shall include:

- .1 The documents enumerated in Article 17, including all Modifications thereto;
- .2 A list of the assumptions made by the Design-Builder in the preparation of the Control Estimate to supplement the information provided by the Owner and contained in the Design-Build Documents;
- .3 A statement of the estimated Cost of the Work organized by trade categories or systems and the Design-Builder's Fee;
- .4 A project schedule upon which the Control Estimate is based, indicating proposed architects, subcontractors, and consultants, activity sequences and durations, milestone dates for receipt and approval of pertinent information, schedule of shop drawings and samples, procurement and delivery of materials or equipment, the Owner's occupancy requirements, and the date of Substantial Completion; and
- .5 A list of any contingency amounts included in the Control Estimate for further development of design and construction.

§ 9.2.3 When the Control Estimate is acceptable to the Owner, the Owner shall acknowledge it in writing. The Owner's acceptance of the Control Estimate does not imply that the Control Estimate constitutes a Guaranteed Maximum Price.

§ 9.2.4 The Design-Builder shall develop and implement a detailed system of cost control that will provide the Owner with timely information as to the anticipated total Cost of the Work. The cost control system shall compare the Control Estimate with the actual cost for activities in progress and estimates for uncompleted tasks and proposed changes. This information shall be reported to the Owner, in writing, no later than the Design-Builder's first Application for Payment and shall be revised and submitted with each Application for Payment.

§ 9.2.5 The Owner shall authorize the Design-Builder to prepare revisions to the Design-Build Documents that incorporate the agreed-upon assumptions contained in the Control Estimate. Based upon the Owner's authorization, the Design-Builder shall revise the Design-Build Documents to incorporate the agreed-upon assumptions contained in the Control Estimate.

§ 9.3 Applications for Payment

§ 9.3.1 At least ten days before the date established for each progress payment, the Design-Builder shall submit to the Owner an itemized Application for Payment for completed portions of the Work. The Application for Payment shall be notarized, if required, and supported by all data substantiating the Design-Builder's right to payment that the Owner requires, such as copies of requisitions, and releases and waiver of liens from the Architect, Consultants, Subcontractors, and suppliers, and shall reflect retainage if provided for in the Design-Build Documents.

§ 9.3.1.1 As provided in Section 6.3.9, Applications for Payment may include requests for payment on account of changes in the Work that have been properly authorized by Change Directives, or by interim determinations of the Owner, but not yet included in Change Orders. As provided in Section 2.1, compensation for Work prior to execution of the Design-Build Amendment may include payment on account of changes in the Work that have been properly authorized by Change Directives, or by interim determinations of the Owner, but not yet included in Change Orders.

§ 9.3.1.2 Applications for Payment shall not include requests for payment for portions of the Work for which the Design-Builder does not intend to pay the Architect, a Consultant, a Subcontractor, or a supplier, unless such Work has been performed by others whom the Design-Builder intends to pay.

§ 9.3.2 Unless otherwise provided in the Design-Build Documents, payments shall be made for services provided as well as materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. If approved in advance by the Owner, payment may similarly be made for materials and equipment suitably stored off the site at a location agreed upon in writing. Payment for materials and equipment stored on or off the site shall be conditioned upon compliance by the Design-Builder with procedures satisfactory to the Owner to establish the Owner's title to such materials and equipment or otherwise protect the Owner's interest, and shall include the costs of applicable insurance, storage, and transportation to the site, for such materials and equipment stored off the site.

§ 9.3.3 The Design-Builder warrants that title to all Work, other than Instruments of Service, covered by an Application for Payment will pass to the Owner no later than the time of payment. The Design-Builder further warrants that, upon submittal of an Application for Payment, all Work for which Certificates for Payment have been previously issued and payments received from the Owner shall, to the best of the Design-Builder's knowledge, information, and belief, be free and clear of liens, claims, security interests, or encumbrances, in favor of the Design-Builder, Architect, Consultants, Subcontractors, suppliers, or any other persons or entities that provided labor, materials, and equipment relating to the Work.

§ 9.4 Certificates for Payment

The Owner shall, within seven days after receipt of the Design-Builder's Application for Payment, either (1) issue to the Design-Builder a Certificate for Payment in the full amount of the Application for Payment; (2) issue to the Design-Builder a Certificate for Payment for such amount the Owner determines is properly due, and notify the Design-Builder of the Owner's reasons for withholding certification in part as provided in Section 9.5.1; or (3) withhold certification of the entire Application for Payment, and notify the Design-Builder of the Owner's reason for withholding certification in whole as provided in Section 9.5.1.

§ 9.5 Decisions to Withhold Certification

§ 9.5.1 The Owner may withhold a Certificate for Payment in whole or in part to the extent reasonably necessary to protect the Owner due to the Owner's determination that the Work has not progressed to the point indicated in the Design-Builder's Application for Payment, or the quality of the Work is not in accordance with the Design-Build Documents. If the Owner is unable to certify payment in the amount of the Application for Payment, the Owner will notify the Design-Builder as provided in Section 9.4. If the Design-Builder and Owner cannot agree on a revised amount, the Owner will promptly issue a Certificate for Payment for the amount that the Owner deems to be due and owing. The Owner may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment previously issued to such extent as may be necessary to protect the Owner from loss for which the Design-Builder is responsible because of

- .1 Failure to perform Work in accordance with the Design-Build Documents;
- .2 Third-party claims filed or reasonable evidence indicating probable filing of such claims, unless security acceptable to the Owner is provided by the Design-Builder;
- .3 Failure of the Design-Builder to make payments properly to the Architect, Consultants, Subcontractors, suppliers, or others, for services, labor, materials, or equipment;
- .4 Reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum;
- .5 Damage to the Owner or a Separate Contractor; or
- .6 Reasonable evidence that the Work will not be completed within the Contract Time, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay.

§ 9.5.2 If the Design-Builder disputes the Owner's decision regarding a Certificate for Payment under Section 9.5.1, in whole or in part, the Design-Builder may submit a Claim in accordance with Article 15.

§ 9.5.3 When the above reasons for withholding certification are removed, the Owner shall certify amounts previously withheld.

§ 9.5.4 If the Owner withholds certification for payment under Section 9.5.1.3, the Owner may, at its sole option, issue joint checks to the Design-Builder and to any other persons or entities providing Work for the Design-Builder to whom the Design-Builder failed to make payment for Work properly performed or material or equipment suitably delivered.

§ 9.6 Progress Payments

§ 9.6.1 After the Owner has issued a Certificate for Payment, the Owner shall make payment in the manner and within the time provided in the Design-Build Documents.

§ 9.6.2 In taking action on the Design-Builder's Applications for Payment, the Owner shall be entitled to rely on the accuracy and completeness of the information furnished by the Design-Builder, and such action shall not be deemed to be a representation that (1) the Owner has made a detailed examination, audit, or arithmetic verification, of the documentation submitted in accordance with Section 9.3.1 or other supporting data; (2) that the Owner has made exhaustive or continuous on-site inspections; or (3) that the Owner has made examinations to ascertain how or for what purposes the Design-Builder has used amounts previously paid on account of the Contract. Such examinations, audits, and verifications, if required by the Owner, will be performed by the Owner's auditors acting in the sole interest of the Owner.

§ 9.6.3 The Design-Builder shall pay each person or entity providing Work for the Design-Builder, no later than seven days after receipt of payment from the Owner. Payment shall be the amount to which the person or entity providing Work for the Design-Builder is entitled, reflecting percentages actually retained from payments to the Design-Builder on account of the portion of the Work performed by the person or entity. The Design-Builder shall, by appropriate agreement with each person or entity providing Work for the Design-Builder, require each person or entity providing Work for the Design-Builder to make payments to subconsultants and subcontractors in a similar manner.

§ 9.6.4 The Owner will, on request and if practicable, furnish to the person or entity providing Work for the Design-Builder, information regarding percentages of completion or amounts applied for by the Design-Builder and action taken thereon by the Owner on account of portions of the Work done by such person or entity providing Work for the Design-Builder.

§ 9.6.5 The Owner has the right to request written evidence from the Design-Builder that the Design-Builder has properly paid any other persons or entities providing Work for the Design-Builder, amounts paid by the Owner to the Design-Builder for the Work. If the Design-Builder fails to furnish such evidence within seven days, the Owner shall have the right to contact the other person or entity providing Work for the Design-Builder to ascertain whether they have been properly paid. The Owner shall have no obligation to pay, or to see to the payment of money to any other person or entity providing services or Work for the Design-Builder, except as may otherwise be required by law.

§ 9.6.6 The Design-Builder's payments to suppliers shall be treated in a manner similar to that provided in Sections 9.6.3, 9.6.4 and 9.6.5.

§ 9.6.6.1 Except with the Owner's prior written approval, the Design-Builder shall not make advance payments to suppliers for materials or equipment.

§ 9.6.7 A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Project by the Owner shall not constitute acceptance of Work not in accordance with the Design-Build Documents.

§ 9.6.8 Unless the Design-Builder provides the Owner with a payment bond in the full penal sum of the Contract Sum, payments received by the Design-Builder for Work properly performed by the Architect, Consultants, Subcontractors, and other persons or entities providing Work for the Design-Builder, shall be held by the Design-Builder for the Architect and those Consultants, Subcontractors, or other persons or entities. Nothing contained herein shall require money to be placed in a separate account and not commingled with money of the Design-Builder, create any fiduciary liability or tort liability on the part of the Design-Builder for breach of trust, or entitle any person or entity to an award of punitive damages against the Design-Builder for breach of the requirements of this provision.

§ 9.6.9 Provided the Owner has fulfilled its payment obligations under the Design-Build Documents, the Design-Builder shall defend and indemnify the Owner from all loss, liability, damage or expense, including reasonable attorney's fees and litigation expenses, arising out of any lien claim or other claim for payment by any Architect, Consultant, Subcontractor, or any other person or entity providing Work for the Design-Builder. Upon receipt of notice of a lien claim or other claim for payment, the Owner shall notify the Design-Builder. If approved by the applicable court, when required, the Design-Builder may substitute a surety bond for the property against which the lien or other claim for payment has been asserted.

§ 9.6.10 The Owner and Design-Builder shall agree upon (1) a mutually acceptable procedure for review and approval of payments to the Architect, Consultants, and Subcontractors, and (2) the percentage of retainage held on agreements with the Architect, Consultants, and Subcontractors, and the Design-Builder shall execute subcontracts in accordance with those agreements.

§ 9.7 Failure of Payment

If, through no fault of the Design-Builder, the Owner fails to issue a Certificate for Payment or make payment of the certified amount within the time required by the Design-Build Documents, then the Design-Builder may, upon seven additional days' notice to the Owner, stop the Work until payment of the amount owing has been received. The Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Design-Builder's reasonable costs of shutdown, delay, and start-up, plus interest as provided for in the Design-Build Documents.

§ 9.8 Substantial Completion

§ 9.8.1 Substantial Completion is the stage in the progress of the Construction Work when the Construction Work or designated portion thereof is sufficiently complete in accordance with the Design-Build Documents so that the Owner can occupy or utilize the Construction Work for its intended use. The date of Substantial Completion is the date certified by the Owner in accordance with this Section 9.8.

§ 9.8.2 When the Design-Builder considers that the Construction Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Design-Builder shall prepare and submit to the Owner a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of the Design-Builder to complete all Work in accordance with the Design-Build Documents.

§ 9.8.3 Upon receipt of the Design-Builder's list, the Owner shall make an inspection to determine whether the Construction Work or designated portion thereof is substantially complete. If the Owner's inspection discloses any item, whether or not included on the Design-Builder's list, which is not sufficiently complete in accordance with the Design-Build Documents so that the Owner can occupy or utilize the Construction Work or designated portion thereof for its intended use, the Design-Builder shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Owner. In such case, the Design-Builder shall then submit a request for another inspection by the Owner to determine Substantial Completion.

§ 9.8.4 Prior to issuance of the Certificate of Substantial Completion under Section 9.8.5, the Owner and Design-Builder shall discuss and then determine the parties' obligations to obtain and maintain property insurance following issuance of the Certificate of Substantial Completion.

§ 9.8.5 When the Construction Work or designated portion thereof is substantially complete, the Design-Builder will prepare for the Owner's signature a Certificate of Substantial Completion that shall, upon the Owner's signature, establish the date of Substantial Completion; establish responsibilities of the Owner and Design-Builder for security, maintenance, heat, utilities, damage to the Construction Work, and insurance; and fix the time within which the Design-Builder shall finish all items on the list accompanying the Certificate. Warranties required by the Design-Build Documents shall commence on the date of Substantial Completion of the Construction Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

§ 9.8.6 The Certificate of Substantial Completion shall be submitted by the Design-Builder to the Owner for written acceptance of responsibilities assigned to it in the Certificate. Upon the Owner's acceptance, and consent of surety if any, the Owner shall make payment of retainage applying to the Work or designated portion thereof. Payment shall be adjusted for Construction Work that is incomplete or not in accordance with the requirements of the Design-Build Documents.

§ 9.9 Partial Occupancy or Use

§ 9.9.1 The Owner may occupy or use any completed or partially completed portion of the Construction Work at any stage when such portion is designated by separate agreement with the Design-Builder, provided such occupancy or use is consented to, by endorsement or otherwise, by the insurer providing property insurance and authorized by authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Design-Builder have accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, maintenance, heat, utilities,

damage to the Construction Work, and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Design-Build Documents. When the Design-Builder considers a portion substantially complete, the Design-Builder shall prepare and submit a list to the Owner as provided under Section 9.8.2. Consent of the Design-Builder to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Construction Work shall be determined by written agreement between the Owner and Design-Builder.

§ 9.9.2 Immediately prior to such partial occupancy or use, the Owner and Design-Builder shall jointly inspect the area to be occupied, or portion of the Construction Work to be used, in order to determine and record the condition of the Construction Work.

§ 9.9.3 Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the Construction Work shall not constitute acceptance of Construction Work not complying with the requirements of the Design-Build Documents.

§ 9.10 Final Completion and Final Payment

§ 9.10.1 Upon receipt of the Design-Builder's notice that the Construction Work is ready for final inspection and acceptance, and upon receipt of a final Application for Payment, the Owner will promptly make such inspection. When the Owner finds the Construction Work acceptable under the Design-Build Documents and the Contract fully performed, the Owner will, subject to Section 9.10.2 and 9.10.3, promptly issue a final Certificate for Payment.

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until the Design-Builder submits to the Owner (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Construction Work, for which the Owner or the Owner's property might be responsible or encumbered, (less amounts withheld by Owner) have been paid or otherwise satisfied, (2) a certificate evidencing that insurance required by the Design-Build Documents to remain in force after final payment is currently in effect, (3) a written statement that the Design-Builder knows of no reason that the insurance will not be renewable to cover the period required by the Design-Build Documents, (4) consent of surety, if any, to final payment, (5) an as-constructed record copy of the Construction Documents marked to indicate field changes and selections made during construction, (6) documentation of any special warranties, such as manufacturer's warranties, product data, and maintenance and operations manuals, and (7) if required by the Owner, other data establishing payment or satisfaction of obligations, such as receipts, and releases and waivers of liens, claims, security interests, or encumbrances, arising out of the Contract, to the extent and in such form as may be designated by the Owner. If an Architect, Consultant, Subcontractor, or any other person or entity providing services, labor, materials, or equipment relating to the Construction Work, refuses to furnish a release or waiver required by the Owner, the Design-Builder may furnish a bond satisfactory to the Owner to indemnify the Owner against such liens, claims, security interests, or encumbrances. If a lien, claim, security interest, or encumbrance remains unsatisfied after payments are made, the Design-Builder shall refund to the Owner all money that the Owner may be compelled to pay in discharging such liens, claims, security interests, or encumbrances, including all costs and reasonable attorneys' fees.

§ 9.10.3 If, after Substantial Completion of the Construction Work, final completion thereof is materially delayed through no fault of the Design-Builder or by issuance of Change Orders affecting final completion, the Owner shall, upon application by the Design-Builder, and without terminating the Contract, make payment of the balance due for that portion of the Construction Work fully completed, corrected, and accepted. If the estimated cost to complete or correct the Construction Work is less than retainage stipulated in the Design-Build Documents, and if bonds have been furnished, the written consent of the surety to payment of the balance due for that portion of the Construction Work fully completed and accepted shall be submitted by the Design-Builder to the Owner prior to issuance of payment. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

§ 9.10.4 The making of final payment shall constitute a waiver of Claims by the Owner except those arising from

- .1 liens, Claims, security interests or encumbrances arising out of the Contract and unsettled;
- .2 failure of the Work to comply with the requirements of the Design-Build Documents;
- .3 terms of special warranties required by the Design-Build Documents; or
- .4 audits performed by the Owner, if permitted by the Design-Build Documents, after final payment.

§ 9.10.5 Acceptance of final payment by the Design-Builder shall constitute a waiver of claims by the Design-Builder except those previously made in writing and identified by the Design-Builder as unsettled at the time of final Application for Payment.

§ 9.11 Interest

Payments due and unpaid under the Contract shall bear interest from the date payment is due at the rate stated below, or in the absence thereof, at the legal rate prevailing from time to time at the place where the Project is located.

(Insert rate of interest agreed upon, if any.)

ARTICLE 10 PROTECTION OF PERSONS AND PROPERTY

§ 10.1 Safety Precautions and Programs

The Design-Builder shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the performance of the Construction Work.

§ 10.2 Safety of Persons and Property

§ 10.2.1 The Design-Builder shall be responsible for precautions for the safety of, and reasonable protection to prevent damage, injury, or loss to

- .1 employees and persons performing the Construction Work and others who may be affected thereby;
- .2 the Construction Work and materials and equipment to be incorporated therein, whether in storage on or off the site, under care, custody, or control of the Design-Builder, a Subcontractor, or any other person or entity; and
- .3 other property at the site or adjacent thereto, such as trees, shrubs, lawns, walks, pavements, roadways, or structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

§ 10.2.2 The Design-Builder shall comply with, and give notices required by, applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, bearing on the safety of persons or property, or their protection from damage, injury, or loss.

§ 10.2.3 The Design-Builder shall implement, erect, and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards; promulgating safety regulations; and notifying the owners and users of adjacent sites and utilities of the safeguards.

§ 10.2.4 When use or storage of explosives or other hazardous materials or equipment, or unusual methods, are necessary for execution of the Construction Work, the Design-Builder shall exercise utmost care, and carry on such activities under supervision of properly qualified personnel.

§ 10.2.5 The Design-Builder shall promptly remedy damage and loss (other than damage or loss insured under property insurance required by the Design-Build Documents) to property referred to in Sections 10.2.1.2 and 10.2.1.3, caused in whole or in part by the Design-Builder, the Architect, a Consultant, a Subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Design-Builder is responsible under Sections 10.2.1.2 and 10.2.1.3. The Design-Builder may make a Claim for the cost to remedy damage or loss to the extent such damage or loss is attributable to acts or omissions of the Owner, or anyone directly or indirectly employed by the Owner, or by anyone for whose acts the Owner may be liable, and not attributable to the fault or negligence of the Design-Builder. The foregoing obligations of the Design-Builder are in addition to the Design-Builder's obligations under Section 3.1.14.

§ 10.2.6 The Design-Builder shall designate a responsible member of the Design-Builder's organization, at the site, whose duty shall be the prevention of accidents. This person shall be the Design-Builder's superintendent unless otherwise designated by the Design-Builder in writing to the Owner.

§ 10.2.7 The Design-Builder shall not permit any part of the construction or site to be loaded so as to cause damage or create an unsafe condition.

§ 10.2.8 Injury or Damage to Person or Property. If the Owner or Design-Builder suffers injury or damage to person or property because of an act or omission of the other, or of others for whose acts such party is legally responsible, notice of the injury or damage, whether or not insured, shall be given to the other party within a reasonable time not exceeding 21 days after discovery. The notice shall provide sufficient detail to enable the other party to investigate the matter.

§ 10.3 Hazardous Materials

§ 10.3.1 The Design-Builder is responsible for compliance with any requirements included in the Design-Build Documents regarding hazardous materials or substances. If the Design-Builder encounters a hazardous material or substance not addressed in the Design-Build Documents and if reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance, including but not limited to asbestos or polychlorinated biphenyl (PCB), encountered on the site by the Design-Builder, the Design-Builder shall, upon recognizing the condition, immediately stop Construction Work in the affected area and notify the Owner of the condition.

§ 10.3.2 Upon receipt of the Design-Builder's notice, the Owner shall obtain the services of a licensed laboratory to verify the presence or absence of the material or substance reported by the Design-Builder and, in the event such material or substance is found to be present, to cause it to be rendered harmless. Unless otherwise required by the Design-Build Documents, the Owner shall furnish in writing to the Design-Builder the names and qualifications of persons or entities who are to perform tests verifying the presence or absence of the material or substance or who are to perform the task of removal or safe containment of the material or substance. The Design-Builder will promptly reply to the Owner in writing stating whether or not the Design-Builder has reasonable objection to the persons or entities proposed by the Owner. If the Design-Builder has an objection to a person or entity proposed by the Owner, the Owner shall propose another to whom the Design-Builder has no reasonable objection. When the material or substance has been rendered harmless, Construction Work in the affected area shall resume upon written agreement of the Owner and Design-Builder. By Change Order, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Design-Builder's reasonable additional costs of shutdown, delay, and start-up.

§ 10.3.3 To the fullest extent permitted by law, the Owner shall indemnify and hold harmless the Design-Builder, the Architect, Consultants, and Subcontractors, and employees of any of them, from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Construction Work in the affected area, if in fact the material or substance presents the risk of bodily injury or death as described in Section 10.3.1 and has not been rendered harmless, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to, or destruction of, tangible property (other than the Construction Work itself), except to the extent that such damage, loss, or expense is due to the fault or negligence of the party seeking indemnity.

§ 10.3.4 The Owner shall not be responsible under this Section 10.3 for hazardous materials or substances the Design-Builder brings to the site unless such materials or substances are required by the Owner's Criteria. The Owner shall be responsible for hazardous materials or substances required by the Owner's Criteria, except to the extent of the Design-Builder's fault or negligence in the use and handling of such materials or substances.

§ 10.3.5 The Design-Builder shall reimburse the Owner for the cost and expense the Owner incurs (1) for remediation of hazardous materials or substances the Design-Builder brings to the site and negligently handles, or (2) where the Design-Builder fails to perform its obligations under Section 10.3.1, except to the extent that the cost and expense are due to the Owner's fault or negligence.

§ 10.3.6 If, without negligence on the part of the Design-Builder, the Design-Builder is held liable by a government agency for the cost of remediation of a hazardous material or substance solely by reason of performing Construction Work as required by the Design-Build Documents, the Owner shall reimburse the Design-Builder for all cost and expense thereby incurred.

§ 10.4 Emergencies

In an emergency affecting safety of persons or property, the Design-Builder shall act, at the Design-Builder's discretion, to prevent threatened damage, injury, or loss.

ARTICLE 11 INSURANCE AND BONDS

§ 11.1 Design-Builder's Insurance and Bonds

§ 11.1.1 The Design-Builder shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in this Agreement or elsewhere in the Design-Build Documents. Prior to commencement of the Work, the Design-Builder shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located. The Owner shall be named as an additional insured under the Design-Builder's commercial general liability policy or as otherwise described in the Design-Build Documents.

§ 11.1.2 The Design-Builder shall provide surety bonds of the types, for such penal sums, and subject to such terms and conditions as required by the Design-Build Documents. The Design-Builder shall purchase and maintain the required bonds from a company or companies lawfully authorized to issue surety bonds in the jurisdiction where the Project is located.

§ 11.1.3 Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Design-Build Contract, the Design-Builder shall promptly furnish a copy of the bonds or shall authorize a copy to be furnished.

§ 11.1.4 Notice of Cancellation or Expiration of Design-Builder's Required Insurance. Within three (3) business days of the date the Design-Builder becomes aware of an impending or actual cancellation or expiration of any insurance required by the Design-Build Documents, the Design-Builder shall provide notice to the Owner of such impending or actual cancellation or expiration. Upon receipt of notice from the Design-Builder, the Owner shall, unless the lapse in coverage arises from an act or omission of the Owner, have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by the Design-Builder. The furnishing of notice by the Design-Builder shall not relieve the Design-Builder of any contractual obligation to provide any required coverage.

§ 11.2 Owner's Insurance

§ 11.2.1 The Owner shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in this Agreement or elsewhere in the Design-Build Documents. The Owner shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located.

§ 11.2.2 Failure to Purchase Required Property Insurance. If the Owner fails to purchase and maintain the required property insurance, with all of the coverages and in the amounts described in this Agreement or elsewhere in the Design-Build Documents, the Owner shall inform the Design-Builder in writing prior to commencement of the Construction Work. Upon receipt of notice from the Owner, the Design-Builder may delay commencement of the Construction Work and may obtain insurance that will protect the interests of the Design-Builder, Subcontractors, and Sub-Subcontractors in the Construction Work. When the failure to provide coverage has been cured or resolved, the Contract Sum and Contract Time shall be equitably adjusted. In the event the Owner fails to procure coverage, the Owner waives all rights against the Design-Builder, Subcontractors, and Sub-subcontractors to the extent the loss to the Owner would have been covered by the insurance to have been procured by the Owner. The cost of the insurance shall be charged to the Owner by a Change Order. If the Owner does not provide written notice, and the Design-Builder is damaged by the failure or neglect of the Owner to purchase or maintain the required insurance, the Owner shall reimburse the Design-Builder for all reasonable costs and damages attributable thereto.

§ 11.2.3 Notice of Cancellation or Expiration of Owner's Required Property Insurance. Within three (3) business days of the date the Owner becomes aware of an impending or actual cancellation or expiration of any property insurance required by the Design-Build Documents, the Owner shall provide notice to the Design-Builder of such impending or actual cancellation or expiration. Unless the lapse in coverage arises from an act or omission of the Design-Builder: (1) the Design-Builder, upon receipt of notice from the Owner, shall have the right to stop the Construction Work until the lapse in coverage has been cured by the procurement of replacement coverage by either the Owner or the Design-Builder; (2) the Contract Time and Contract Sum shall be equitably adjusted; and (3) the Owner waives all rights against the Design-Builder, Subcontractors, and Sub-subcontractors to the extent any loss to the Owner would have been covered by the insurance had it not expired or been cancelled. If the Design-Builder purchases replacement coverage, the cost of the insurance shall be charged to the Owner by an appropriate Change Order. The furnishing of notice by the Owner shall not relieve the Owner of any contractual obligation to provide required insurance.

§ 11.3 Waivers of Subrogation

§ 11.3.1 The Owner and Design-Builder waive all rights against (1) each other and any of their consultants, subcontractors, sub-subcontractors, agents, and employees, each of the other; and (2) Separate Contractors, if any, and any of their subcontractors, sub-subcontractors, agents, and employees, for damages caused by fire, or other causes of loss, to the extent those losses are covered by property insurance required by this Agreement or other property insurance applicable to the Project, except such rights as they have to proceeds of such insurance. The Owner or Design-Builder, as appropriate, shall require similar written waivers in favor of the individuals and entities identified above from the Separate Contractors, consultants, subcontractors, and sub-subcontractors. The policies of

insurance purchased and maintained by each person or entity agreeing to waive claims pursuant to this Section 11.3.1 shall not prohibit this waiver of subrogation. This waiver of subrogation shall be effective as to a person or entity (1) even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, (2) even though that person or entity did not pay the insurance premium directly or indirectly, or (3) whether or not the person or entity had an insurable interest in the damaged property.

§ 11.3.2 If, during construction of the Project, the Owner insures properties, real or personal or both, at or adjacent to the site by property insurance under policies separate from those insuring the Project, or if after final payment property insurance is to be provided on the completed Project through a policy or policies other than those insuring the Project during the construction period, to the extent permissible by such policies, the Owner waives all rights in accordance with the terms of Section 11.3.1 for damages caused by fire or other causes of loss covered by this separate property insurance.

§ 11.4 Loss of Use, Business Interruption, and Delay in Completion Insurance

The Owner, at the Owner's option, may purchase and maintain insurance that will protect the Owner against loss of use of the Owner's property, or the inability to conduct normal operations, due to fire or other causes of loss. The Owner waives all rights of action against the Design-Builder for loss of use of the Owner's property, due to fire or other hazards however caused.

§ 11.5 Adjustment and Settlement of Insured Loss

§ 11.5.1 A loss insured under the property insurance required by this Agreement shall be adjusted by the Owner as fiduciary and made payable to the Owner as fiduciary for the insureds, as their interests may appear, subject to requirements of any applicable mortgagee clause and of Section 11.5.2. The Owner shall pay the Design-Builder its just share of insurance proceeds received by the Owner, and by appropriate agreement the Design-Builder shall make payments to its consultants and Subcontractors in similar manner.

§ 11.5.2 Prior to settlement of an insured loss, the Owner shall notify the Design-Builder of the terms of the proposed settlement as well as the proposed allocation of the insurance proceeds. The Design-Builder shall have 14 days from receipt of notice to object to the proposed settlement or allocation of the proceeds. If the Design-Builder does not object, the Owner shall settle the loss, and the Design-Builder shall be bound by the settlement and allocation. Upon receipt, the Owner shall deposit the insurance proceeds in a separate account and make the appropriate distributions. Thereafter, if no other agreement is made or the Owner does not terminate the Design-Build Contract for convenience, the Owner and Design-Builder shall execute a Change Order for reconstruction of the damaged or destroyed Construction Work in the amount allocated for that purpose. If the Design-Builder timely objects to either the terms of the proposed settlement or the allocation of the proceeds, the Owner may proceed to settle the insured loss, and any dispute between the Owner and Design-Builder arising out of the settlement or allocation of the proceeds shall be resolved pursuant to Article 15. Pending resolution of any dispute, the Owner may issue a Change Directive for the reconstruction of the damaged or destroyed Construction Work.

ARTICLE 12 UNCOVERING AND CORRECTION OF CONSTRUCTION WORK

§ 12.1 Uncovering of Construction Work

The Owner may request to examine a portion of the Construction Work that the Design-Builder has covered to determine if the Construction Work has been performed in accordance with the Design-Build Documents. If such Construction Work is in accordance with the Design-Build Documents, the Design-Builder shall be entitled to an equitable adjustment to the Contract Sum and Contract Time as may be appropriate. If such Construction Work is not in accordance with the Design-Build Documents, the costs of uncovering the Construction Work, and the cost of correction, shall be at the Design-Builder's expense and shall not result in a change in the Contract Time except as otherwise permitted in this Agreement.

§ 12.2 Correction of Construction Work

§ 12.2.1 Before Substantial Completion. The Design-Builder shall promptly correct Construction Work rejected by the Owner or failing to conform to the requirements of the Design-Build Documents, discovered before Substantial Completion, and whether or not fabricated, installed, or completed. Costs of correcting such rejected Construction Work, including additional testing and inspections and the cost of uncovering and replacement, and compensation for any consultant employed by the Owner whose expenses and compensation were made necessary thereby, shall be at the Design-Builder's expense and shall not result in a change in the Contract Time except as otherwise permitted in this Agreement.

§ 12.2.2 After Substantial Completion

§ 12.2.2.1 In addition to the Design-Builder's obligations under Section 3.1.12, if, within one year after the date of Substantial Completion of the Construction Work or designated portion thereof or after the date for commencement of warranties established under Section 9.9.1, or by terms of any applicable special warranty required by the Design-Build Documents, any of the Construction Work is discovered not to be in accordance with the requirements of the Design-Build Documents, the Design-Builder shall correct it promptly after receipt of notice from the Owner to do so unless the Owner has previously given the Design-Builder a written acceptance of such condition. The Owner shall give such notice promptly after discovery of the condition. During the one-year period for correction of the Construction Work, if the Owner fails to notify the Design-Builder of the condition and give the Design-Builder an opportunity to make the correction, the Owner waives the rights to require correction by the Design-Builder and to make a claim for breach of warranty and breach of the standard of care for that condition. If the Design-Builder fails to correct nonconforming or defectively designed Construction Work within a reasonable time during that period after receipt of notice from the Owner, the Owner may correct it in accordance with Section 7.4.

§ 12.2.2.2 The one-year period for correction of Construction Work shall be extended with respect to portions of Construction Work first performed after Substantial Completion by the period of time between Substantial Completion and the actual completion of that portion of the Construction Work.

§ 12.2.2.3 The one-year period for correction of Construction Work shall not be extended by corrective Construction Work performed by the Design-Builder pursuant to this Section 12.2.

§ 12.2.3 The Design-Builder shall remove from the site portions of the Construction Work that are not in accordance with the requirements of the Design-Build Documents and are neither corrected by the Design-Builder nor accepted by the Owner.

§ 12.2.4 The Design-Builder shall be liable for the cost of correcting destroyed or damaged construction of the Owner or Separate Contractors, whether completed or partially completed, caused by the Design-Builder's correction or removal of Construction Work that is not in accordance with the requirements of the Design-Build Documents except as otherwise permitted in this Agreement.

§ 12.2.5 Nothing contained in this Section 12.2 shall be construed to establish a period of limitation with respect to other obligations the Design-Builder has under the Design-Build Documents. Establishment of the one-year period for correction of Construction Work as described in Section 12.2.2 relates only to the specific obligation of the Design-Builder to correct the Construction Work, and has no relationship to the time within which the obligation to comply with the Design-Build Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Design-Builder's liability with respect to the Design-Builder's obligations other than specifically to correct the Construction Work.

§ 12.3 Acceptance of Nonconforming Construction Work

If the Owner prefers to accept Construction Work that is not in accordance with the requirements of the Design-Build Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Sum will be reduced as appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

ARTICLE 13 COPYRIGHTS AND LICENSES

§ 13.1 Drawings, specifications, and other documents furnished by the Design-Builder, including those in electronic form, are Instruments of Service. The Design-Builder, and the Architect, Consultants, Subcontractors, and any other person or entity providing Work for any of them, shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements, or for similar purposes in connection with the Project, is not to be construed as publication in derogation of the reserved rights of the Design-Builder and the Architect, Consultants, and Subcontractors, and any other person or entity providing Work for any of them.

§ 13.2 The Design-Builder and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project.

§ 13.3 The Design-Builder grants to the Owner a nonexclusive license to use the Design-Builder's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering, and adding to the Project. The license granted in this Section 13.3 shall terminate only if (1) the Design-Builder terminates this Agreement in accordance with Sections 14.1.1, 14.1.3, 14.1.4, or 14.2.1 or (2) the Owner terminates this Agreement for convenience as provided in Section 14.1.5 and does not compensate the Design-Builder as required under Sections 14.1.6 and 14.1.7. The license granted under this section permits the Owner to authorize the Owner's consultants to reproduce applicable portions of the Instruments of Service, subject to any protocols established pursuant to Section 1.1.5, solely and exclusively for use in performing services for the Project.

§ 13.3.1 In the event the Owner uses the Instruments of Service (1) for purposes inconsistent with Section 13.3, (2) after completion of the Project for purposes of altering or adding to the Project without retaining the authors of the Instruments of Service for such purposes, (3) after the Owner terminates this Agreement for convenience, or (4) after the Design-Builder terminates this Agreement in accordance with Sections 14.1.1, 14.1.3, 14.1.4, or 14.2.1, the Owner releases the Design-Builder from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Design-Builder from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 13.3.1. The terms of this Section 13.3.1 shall not apply if the Owner terminates this Agreement for cause under Section 14.1.4 or 14.2.2. The payment of a Termination Fee or Licensing Fee under Section 14.1.7 shall not relieve the Owner of the release or indemnity obligations of this Section 13.3.1.

§ 13.3.2 The Design-Builder shall obtain non-exclusive licenses from the Architect, Consultants, and Subcontractors, that will allow the Design-Builder to satisfy its obligations to the Owner under this Article 13. The Design-Builder's licenses from the Architect and its Consultants and Subcontractors shall also allow the Owner, in the event this Agreement is terminated for any reason other than the default of the Owner or in the event the Design-Builder's Architect, Consultants, or Subcontractors terminate their agreements with the Design-Builder for cause, to obtain a non-exclusive license solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner (1) agrees to pay to the Architect, Consultant or Subcontractor all amounts due, and (2) provides the Architect, Consultant or Subcontractor with the Owner's written agreement to indemnify and hold harmless the Architect, Consultant, or Subcontractor from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's alteration or use of the Instruments of Service.

§ 13.3.3 Except as otherwise stated in this Section 13.3, the provisions of this Article 13 shall survive the termination of this Agreement.

ARTICLE 14 TERMINATION OR SUSPENSION

§ 14.1 Termination or Suspension Prior to Execution of the Design-Build Amendment

§ 14.1.1 If the Owner fails to make payments to the Design-Builder for Work prior to execution of the Design-Build Amendment in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination under Section 14.1.4 or, at the Design-Builder's option, cause for suspension of performance of services under this Agreement. If the Design-Builder elects to suspend the Work, the Design-Builder shall give seven days' notice to the Owner before suspending the Work. In the event of a suspension of the Work, the Design-Builder shall have no liability to the Owner for delay or damage caused by the suspension of the Work. Before resuming the Work, the Design-Builder shall be paid all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Design-Builder's Work. The Design-Builder's compensation for, and time to complete, the remaining Work shall be equitably adjusted.

§ 14.1.2 If the Owner suspends the Project, the Design-Builder shall be compensated for the Work performed prior to notice of such suspension. When the Project is resumed, the Design-Builder shall be compensated for expenses incurred in the interruption and resumption of the Design-Builder's Work. The Design-Builder's compensation for, and time to complete, the remaining Work shall be equitably adjusted.

§ 14.1.3 If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of the Design-Builder, the Design-Builder may terminate this Agreement by giving not less than seven days' notice.

§ 14.1.4 Either party may terminate this Agreement upon not less than seven days' notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 14.1.5 The Owner may terminate this Agreement upon not less than seven days' notice to the Design-Builder for the Owner's convenience and without cause.

§ 14.1.6 In the event of termination not the fault of the Design-Builder, the Design-Builder shall be compensated for Work performed prior to termination, together with Reimbursable Expenses then due and any other expenses directly attributable to termination for which the Design-Builder is not otherwise compensated. In no event shall the Design-Builder's compensation under this Section 14.1.6 be greater than the compensation set forth in Section 2.1.

§ 14.1.7 In addition to any amounts paid under Section 14.1.6, if the Owner terminates this Agreement for its convenience pursuant to Section 14.1.5, or the Design-Builder terminates this Agreement pursuant to Sections 14.1.3 or 14.1.4, the Owner shall pay to the Design-Builder the following fees:
(Set forth below the amount of any termination or licensing fee, or the method for determining any termination or licensing fee.)

- .1 Termination Fee:
- .2 Licensing Fee if the Owner intends to continue using the Design-Builder's Instruments of Service:

§ 14.2 Termination or Suspension Following Execution of the Design-Build Amendment

§ 14.2.1 Termination by the Design-Builder

§ 14.2.1.1 The Design-Builder may terminate this Agreement if the Work is stopped for a period of 30 consecutive days through no act or fault of the Design-Builder, or any other persons or entities performing portions of the Work, for any of the following reasons:

- .1 Issuance of an order of a court or other public authority having jurisdiction that requires all Work to be stopped;
- .2 An act of government, such as a declaration of national emergency that requires all Work to be stopped;
- .3 Because the Owner has not issued a Certificate for Payment and has not notified the Design-Builder of the reason for withholding certification as provided in Section 9.5.1, or because the Owner has not made payment on a Certificate for Payment within the time stated in the Design-Build Documents; or
- .4 The Owner has failed to furnish to the Design-Builder reasonable evidence as required by Section 7.2.7.

§ 14.2.1.2 The Design-Builder may terminate this Agreement if, through no act or fault of the Design-Builder, or any other persons or entities performing portions of the Work, repeated suspensions, delays, or interruptions of the entire Work by the Owner as described in Section 14.2.3, constitute in the aggregate more than 100 percent of the total number of days scheduled for completion, or 120 days in any 365-day period, whichever is less.

§ 14.2.1.3 If one of the reasons described in Section 14.2.1.1 or 14.2.1.2 exists, the Design-Builder may, upon seven days' notice to the Owner, terminate the Contract and recover from the Owner payment for Work executed, as well as reasonable overhead and profit on Work not executed, or the Design-Builder's Fee on Work not executed if the Contract Sum is based upon the Cost of the Work plus a Fee with or without a Guaranteed Maximum Price, and costs incurred by reason of such termination.

§ 14.2.1.4 If the Work is stopped for a period of 60 consecutive days through no act or fault of the Design-Builder, or any other persons or entities performing portions of the Work because the Owner has repeatedly failed to fulfill the Owner's obligations under the Design-Build Documents with respect to matters important to the progress of the Work, the Design-Builder may, upon seven additional days' notice to the Owner, terminate the Contract and recover from the Owner as provided in Section 14.2.1.3.

§ 14.2.2 Termination by the Owner for Cause

§ 14.2.2.1 The Owner may terminate this Agreement if the Design-Builder:

- .1 fails to submit the Proposal by the date required by this Agreement, or if no date is indicated, within a reasonable time consistent with the date of Substantial Completion;
- .2 repeatedly refuses or fails to supply enough properly skilled workers or proper materials;

- .3 repeatedly refuses or fails to supply a qualified architect, consultant, or subcontractor, where required;
- .4 fails to make payment to the Architect, Consultants, Subcontractors, or suppliers in accordance with their respective agreements with the Design-Builder;
- .5 repeatedly disregards applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of a public authority; or
- .6 is otherwise in breach of a material provision of the Design-Build Documents.

§ 14.2.2.2 When any of the reasons described in Section 14.2.2.1 exist, the Owner may, without prejudice to any other rights or remedies of the Owner and after giving the Design-Builder and the Design-Builder's surety, if any, seven days' notice, terminate employment of the Design-Builder and may, subject to any prior rights of the surety:

- .1 Exclude the Design-Builder from the site and take possession of all materials, equipment, tools, and construction equipment and machinery thereon owned by the Design-Builder;
- .2 Accept assignment of the Architect, Consultant, and Subcontractor agreements pursuant to Section 3.1.15; and
- .3 Finish the Work by whatever reasonable method the Owner may deem expedient. Upon written request of the Design-Builder, the Owner shall furnish to the Design-Builder a detailed accounting of the costs incurred by the Owner in finishing the Work.

§ 14.2.2.3 When the Owner terminates this Agreement for one of the reasons stated in Section 14.2.2.1, the Design-Builder shall not be entitled to receive further payment until the Work is finished.

§ 14.2.2.4 If the unpaid balance of the Contract Sum exceeds costs of finishing the Work and other damages incurred by the Owner and not expressly waived, such excess shall be paid to the Design-Builder. If such costs and damages exceed the unpaid balance, the Design-Builder shall pay the difference to the Owner. The obligation for such payments shall survive termination of this Agreement.

§ 14.2.3 Suspension by the Owner for Convenience

§ 14.2.3.1 The Owner may, without cause, order the Design-Builder in writing to suspend, delay, or interrupt the Work in whole or in part for such period of time as the Owner may determine.

§ 14.2.3.2 The Contract Sum and Contract Time shall be adjusted for increases in the cost and time caused by suspension, delay, or interruption under Section 14.2.3.1. Adjustment of the Contract Sum shall include profit. No adjustment shall be made to the extent

- .1 that performance is, was, or would have been, so suspended, delayed, or interrupted, by another cause for which the Design-Builder is responsible; or
- .2 that an equitable adjustment is made or denied under another provision of the Contract.

§ 14.2.4 Termination by the Owner for Convenience

§ 14.2.4.1 The Owner may, at any time, terminate this Agreement for the Owner's convenience and without cause.

§ 14.2.4.2 Upon receipt of notice from the Owner of such termination for the Owner's convenience, the Design-Builder shall

- .1 cease operations as directed by the Owner in the notice;
- .2 take actions necessary, or that the Owner may direct, for the protection and preservation of the Work; and,
- .3 except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing Project agreements, including agreements with the Architect, Consultants, Subcontractors, and purchase orders, and enter into no further Project agreements and purchase orders.

§ 14.2.4.3 In case of such termination for the Owner's convenience, the Owner shall pay the Design-Builder for: Work properly executed; Termination and Licensing Fees set forth in Section 14.1.7; and any other costs incurred by reason of the termination, including costs attributable to termination of Subcontracts.

ARTICLE 15 CLAIMS AND DISPUTES

§ 15.1 Claims

§ 15.1.1 Definition. A Claim is a demand or assertion by one of the parties seeking, as a matter of right, payment of money, a change in the Contract Time, or other relief with respect to the terms of the Contract. The term “Claim” also includes other disputes and matters in question between the Owner and Design-Builder arising out of or relating to the Contract. The responsibility to substantiate Claims shall rest with the party making the Claim. This Section 15.1.1 does not require the Owner to file a Claim in order to impose liquidated damages in accordance with the Contract Documents.

§ 15.1.2 Time Limits on Claims. The Owner and Design-Builder shall commence all claims and causes of action against the other and arising out of or related to the Contract, whether in contract, tort, breach of warranty or otherwise, in accordance with the requirements of the binding dispute resolution method selected in Section 1.3, within the time period specified by applicable law, but, in any case, not more than 10 years after the date of Substantial Completion of the Work. The Owner and Design-Builder waive all claims and causes of action not commenced in accordance with this Section 15.1.2.

§ 15.1.3 Notice of Claims

§ 15.1.3.1 Prior To Final Payment. Prior to final payment, Claims by either the Owner or Design-Builder must be initiated by notice to the other party within 21 days after occurrence of the event giving rise to such Claim or within 21 days after the claimant first recognizes the condition giving rise to the Claim, whichever is later.

§ 15.1.3.2 Claims Arising After Final Payment. After final payment, Claims by either the Owner or Design-Builder that have not otherwise been waived pursuant to Sections 9.10.4 or 9.10.5, must be initiated by prompt notice to the other party. The notice requirement in Section 15.1.3.1 and the provisions for Initial Resolution of Claims in Section 15.2 shall not be required as a condition precedent to mediation in Section 15.3.

§ 15.1.4 Continuing Contract Performance. Pending final resolution of a Claim, except as otherwise agreed in writing or as provided in Section 9.7 and Article 14, the Design-Builder shall proceed diligently with performance of the Contract and the Owner shall continue to make payments in accordance with the Design-Build Documents.

§ 15.1.5 Claims for Additional Cost. If the Design-Builder wishes to make a Claim for an increase in the Contract Sum, notice as provided in Section 15.1.3 shall be given before proceeding to execute the portion of the Work that is the subject of the Claim. Prior notice is not required for Claims relating to an emergency endangering life or property arising under Section 10.4.

§ 15.1.6 Claims for Additional Time

§ 15.1.6.1 If the Design-Builder wishes to make a Claim for an increase in the Contract Time, notice as provided in Section 15.1.3 shall be given. The Design-Builder’s Claim shall include an estimate of cost and of the probable effect of delay on progress of the Work. In the case of a continuing delay, only one Claim is necessary.

§ 15.1.6.2 If adverse weather conditions are the basis for a Claim for additional time, such Claim shall be documented by data substantiating that weather conditions were abnormal for the period of time, could not have been reasonably anticipated, and had an adverse effect on the scheduled construction.

§ 15.1.7 Waiver of Claims for Consequential Damages

The Design-Builder and Owner waive Claims against each other for consequential damages arising out of or relating to this Contract. This mutual waiver includes

- .1 damages incurred by the Owner for rental expenses, for losses of use, income, profit, financing, business, and reputation, and for loss of management or employee productivity or of the services of such persons; and
- .2 damages incurred by the Design-Builder for principal office expenses including the compensation of personnel stationed there, for losses of financing, business, and reputation, and for loss of profit except anticipated profit arising directly from the Work.

This mutual waiver is applicable, without limitation, to all consequential damages due to either party’s termination in accordance with Article 14. Nothing contained in this Section 15.1.7 shall be deemed to preclude assessment of liquidated damages, when applicable, in accordance with the requirements of the Design-Build Documents.

§ 15.2 Initial Resolution of Claims

§ 15.2.1 Meet and Confer

§ 15.2.1.1 If the parties select Meet and Confer as the initial method of dispute resolution, the Owner and Design-Builder shall endeavor to resolve Claims subject to the meet and confer session. The meet and confer session shall be attended by representatives who have the authority to bind the Owner and Design-Builder. The Owner or Design-Builder may request senior representatives from the Architect, Subcontractors, or other interested parties to attend the meet and confer session. The meet and confer session shall take place within thirty (30) days after a request by either party to this Agreement unless the parties mutually agree otherwise.

§ 15.2.1.2 Discussions held during the meet and confer process shall be treated as settlement discussions and, as such, will be confidential.

§ 15.2.1.3 If the Owner and Design-Builder reach a mutually acceptable resolution, appropriate documentation memorializing the resolution shall be prepared. If the resolution results in a change to the Contract Sum or the Contract Time, the parties shall execute a Change Order.

§ 15.2.1.4 If the Owner and Design-Builder cannot reach a mutually acceptable resolution at the meet and confer session, or if the meet and confer session does not take place within the time specified in Section 15.2.1, either party may proceed to mediation in accordance with Section 15.3.

§ 15.2.2 Project Neutral

§ 15.2.2.1 If the parties select a Project Neutral to serve as an initial decision maker of Claims, the Owner and Design-Builder shall share the expense of the Project Neutral.

§ 15.2.2.2 The Project Neutral will review Claims and, within ten days of the receipt of a Claim, take one or more of the following actions: (1) request additional supporting data from the claimant or a response with supporting data from the other party, (2) reject the Claim in whole or in part, (3) approve the Claim in whole or in part, (4) suggest a compromise, or (5) advise the parties that the Project Neutral is unable to resolve the Claim if the Project Neutral lacks sufficient information to evaluate the merits of the Claim or if the Project Neutral concludes that, in the Project Neutral's sole discretion, it would be inappropriate for the Project Neutral to resolve the Claim.

§ 15.2.2.3 In evaluating Claims, the Project Neutral may, but shall not be obligated to, consult with or seek information from persons with special knowledge or expertise who may assist the Project Neutral in rendering a decision. The retention of such persons shall be a shared expense of the Owner and Design-Builder.

§ 15.2.2.4 If the Project Neutral requests either party to provide a response to a Claim or to furnish additional supporting data, such party shall respond within ten days after receipt of the request and shall either (1) provide a response or the requested supporting data, (2) advise the Project Neutral when the response or supporting data will be furnished or (3) advise the Project Neutral that no response or supporting data will be furnished. Upon receipt of the response or supporting data, if any, the Project Neutral will take one of the actions described in Section 15.2.2.2(2)-(5).

§ 15.2.2.5 Pursuant to Sections 15.2.2.2 through 15.2.2.4 the Project Neutral will render an initial decision approving or rejecting the Claim in whole or in part or indicating that the Project Neutral is unable to resolve the Claim. The initial decision shall (1) be in writing, (2) state the reasons therefore, and (3) identify any change in the Contract Sum or Contract Time or both. The initial decision shall be binding on the parties, but subject to mediation in accordance with the process set forth in Section 15.3 and, if the parties fail to resolve their dispute through mediation, subject to binding dispute resolution in accordance with Section 15.4.

§ 15.2.2.5.1 If an initial decision has not been rendered within 30 days after the Claim has been referred to the Project Neutral, the party asserting the Claim may demand mediation and binding dispute resolution without a decision having been rendered. Unless the Project Neutral and all affected parties agree, the Project Neutral will not decide disputes between the Design-Builder and persons or entities other than the Owner.

§ 15.2.2.6 Either party may file for mediation of an initial decision at any time, subject to the terms of Section 15.3.

§ 15.2.2.7 Either party may, within 30 days from the date of a Project Neutral's initial decision, demand in writing that the other party file for mediation within 60 days of the initial decision. If such a demand is made and the party

receiving the demand fails to file for mediation within the time required, then both parties waive their rights to mediate or pursue binding dispute resolution proceedings with respect to the initial decision.

§ 15.2.3 In the event of a Claim against the Design-Builder, the Owner may, but is not obligated to, notify the surety, if any, of the nature and amount of the Claim. If the Claim relates to a possibility of a Design-Builder's default, the Owner may, but is not obligated to, notify the surety, and request the surety's assistance in resolving the controversy.

§ 15.2.4 If a Claim relates to or is the subject of a mechanic's lien, the party asserting such Claim may proceed in accordance with applicable law to comply with the lien notice or filing deadlines.

§ 15.3 Mediation

§ 15.3.1 Claims, disputes, or other matters in controversy arising out of or related to the Contract, except those waived as provided for in Sections 9.10.4, 9.10.5, 15.1.7, and 15.2.2.7, shall be subject to mediation as a condition precedent to binding dispute resolution.

§ 15.3.2 The Parties shall endeavor to resolve their Claims by mediation which, unless the Parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of this Agreement. A request for mediation shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of binding dispute resolution proceedings but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the Parties or court order. If an arbitration proceeding is stayed pursuant to this Section 15.3.2, the Parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

§ 15.3.3 Either Party may, within 30 days from the date that mediation has been concluded without resolution of the dispute or 60 days after mediation has been demanded without resolution of the dispute, demand in writing that the other party file for binding dispute resolution. If such a demand is made and the Party receiving the demand fails to file for binding dispute resolution within 60 days after receipt thereof, then both Parties waive their rights to binding dispute resolution proceedings with respect to the initial decision rendered by the Project Neutral or with respect to Claims that were the subject of the Meet and Confer process.

§ 15.3.4 The Parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction.

§ 15.4 Arbitration

§ 15.4.1 If the parties have selected arbitration as the method for binding dispute resolution in Section 1.3, any Claim subject to, but not resolved by, mediation shall be subject to arbitration which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of this Agreement. The Arbitration shall be conducted in the place where the Project is located, unless another location is mutually agreed upon. A demand for arbitration shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the arbitration. The party filing a notice of demand for arbitration must assert in the demand all Claims then known to that party on which arbitration is permitted to be demanded.

§ 15.4.1.1 A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the Claim would be barred by the applicable statute of limitations or statute of repose. For statute of limitations or statute of repose purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the Claim.

§ 15.4.2 The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction.

§ 15.4.3 The foregoing agreement to arbitrate, and other agreements to arbitrate with an additional person or entity duly consented to by parties to this Agreement, shall be specifically enforceable under applicable law in any court having jurisdiction thereof.

§ 15.4.4 Consolidation or Joinder

§ 15.4.4.1 Subject to the rules of the American Arbitration Association or other applicable arbitration rules, either party may consolidate an arbitration conducted under this Agreement with any other arbitration to which it is a party provided that (1) the arbitration agreement governing the other arbitration permits consolidation, (2) the arbitrations to be consolidated substantially involve common questions of law or fact, and (3) the arbitrations employ materially similar procedural rules and methods for selecting arbitrator(s).

§ 15.4.4.2 Subject to the rules of the American Arbitration Association or other applicable arbitration rules, either Party may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in arbitration, provided that the Party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim, dispute or other matter in question not described in the written consent.

§ 15.4.4.3 The Owner and Design-Builder grant to any person or entity made a party to an arbitration conducted under this Section 15.4, whether by joinder or consolidation, the same rights of joinder and consolidation as those of the Owner and Design-Builder under this Agreement.

§ 15.5 The provisions of this Article 15 shall survive the termination of this Agreement.

ARTICLE 16 MISCELLANEOUS PROVISIONS

§ 16.1 Governing Law

The Contract shall be governed by the law of the place where the Project is located excluding that jurisdiction's choice of law rules. If the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 15.4.

§ 16.2 Successors and Assigns

§ 16.2.1 The Owner and Design-Builder, respectively, bind themselves, their partners, successors, assigns, and legal representatives to the covenants, agreements, and obligations contained in the Design-Build Documents. Except as provided in Section 16.2.2, neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make an assignment without such consent, that party shall nevertheless remain legally responsible for all obligations under the Contract.

§ 16.2.2 The Owner may, without consent of the Design-Builder, assign the Contract to a lender providing construction financing for the Project, if the lender assumes the Owner's rights and obligations under the Design-Build Documents. The Design-Builder shall execute all consents reasonably required to facilitate the assignment.

§ 16.2.3 Certifications. If the Owner requests the Design-Builder to execute certificates, the proposed language of such certificates shall be submitted to the Design-Builder for review at least 21 days prior to the requested dates of execution. If the Owner requests the Design-Builder to execute consents reasonably required to facilitate assignment to a lender, the Design-Builder shall execute all such consents that are consistent with this Agreement, provided the proposed consent is submitted to the Design-Builder for review at least 21 days prior to execution. The Design-Builder shall not be required to execute any certificates or consents that would require knowledge, services, or responsibilities beyond the scope of this Agreement.

§ 16.3 The Design-Builder, Architect, Consultants, Subcontractors, or their agents, or any other persons or entities performing portions of the Work, shall have the right to include video, photographic, or artistic representations of the design of the Project among their respective promotional and professional materials. The Design-Builder, Architect, Consultants, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work, shall be given reasonable access to the completed Project to make such representations. However, such material shall not include the Owner's confidential or proprietary information if the Owner has previously advised the Design-Builder in writing of the specific information considered by the Owner to be confidential or proprietary. The Owner shall provide professional credit for the Design-Builder, Architect, Consultants, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work, in the Owner's promotional materials for the Project. This Section 16.3 shall survive the termination of this Agreement unless the Owner terminates this Agreement for cause pursuant to Section 14.2.2.

§ 16.4 Rights and Remedies

§ 16.4.1 Duties and obligations imposed by the Design-Build Documents, and rights and remedies available thereunder, shall be in addition to and not a limitation of duties, obligations, rights, and remedies otherwise imposed or available by law.

§ 16.4.2 No action or failure to act by the Owner or Design-Builder shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed upon in writing.

§ 16.5 Tests and Inspections

§ 16.5.1 Tests, inspections, and approvals of portions of the Construction Work shall be made as required by the Design-Build Documents and by applicable laws, statutes, ordinances, codes, rules and regulations or lawful orders of public authorities. Unless otherwise provided, the Design-Builder shall make arrangements for such tests, inspections, and approvals with an independent testing laboratory or entity acceptable to the Owner, or with the appropriate public authority, and shall bear all related costs of tests, inspections, and approvals, unless otherwise provided in the Design-Build Amendment. The Design-Builder shall give the Owner timely notice of when and where tests and inspections are to be made so that the Owner may be present for such procedures. The Owner shall bear costs of tests, inspections, or approvals that do not become requirements until after execution of the Design-Build Amendment. The Owner shall directly arrange and pay for tests, inspections, or approvals where building codes or applicable laws or regulations so require.

§ 16.5.2 If the Owner determines that portions of the Construction Work require additional testing, inspection, or approval not included under Section 16.5.1, the Owner will instruct the Design-Builder to make arrangements for such additional testing, inspection, or approval, by an entity acceptable to the Owner, and the Design-Builder shall give timely notice to the Owner of when and where tests and inspections are to be made so that the Owner may be present for such procedures. Such costs, except as provided in Section 16.5.3, shall be at the Owner's expense, unless otherwise provided in the Design-Build Amendment.

§ 16.5.3 If procedures for testing, inspection, or approval under Sections 16.5.1 and 16.5.2 reveal failure of the portions of the Construction Work to comply with requirements established by the Design-Build Documents, all costs made necessary by such failure shall be at the Design-Builder's expense, unless otherwise provided in the Design-Build Amendment.

§ 16.5.4 Required certificates of testing, inspection, or approval shall, unless otherwise required by the Design-Build Documents, be secured by the Design-Builder and promptly delivered to the Owner.

§ 16.5.5 If the Owner is to observe tests, inspections, or approvals required by the Design-Build Documents, the Owner will do so promptly and, where practicable, at the normal place of testing.

§ 16.5.6 Tests or inspections conducted pursuant to the Design-Build Documents shall be made promptly to avoid unreasonable delay in the Work.

§ 16.6 Confidential Information

§ 16.6.1 If the Design-Builder or Owner receives information specifically designated as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except as set forth in Section 16.6.2. The obligations in this Section 16.6 shall survive the termination of this Agreement.

§ 16.6.2 The receiving party may disclose "confidential" or "business proprietary" information after 7 days' notice to the other party, when required by law, arbitrator's order, or court order, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or to the extent such information is reasonably necessary for the receiving party to defend itself in any dispute. The receiving party may also disclose such information to its employees, consultants, contractors, or subcontractors in order to perform services or work solely and exclusively for the Project, provided those employees, consultants, contractors, and subcontractors are subject to the restrictions on the disclosure and use of such information as set forth in this Section 16.6. In the event either party knows or reasonably believes that "confidential" or "business proprietary" information received from the other party has been subject to any circumstance where the security, integrity, or confidentiality of any of the "confidential" or "business proprietary" information has been compromised, damaged, lost, corrupted, destroyed, or

the “confidential” or “business proprietary” information has been accessed, acquired, modified, used, disclosed, or rendered inaccessible, by any unauthorized person, by any person in an unauthorized manner, or for an unauthorized purpose, the party experiencing the breach will provide written notice to the other party as soon as reasonably possible after it becomes aware of any breach.

§ 16.6.3 “Confidential” or “business proprietary” information shall not include information:

- .1 in the public domain, or which later enters the public domain, through no action on the receiving party’s part in violation of this Agreement;
- .2 already in the receiving party’s possession and not marked as “confidential” or “business proprietary” when received;
- .3 obtained by the receiving party on a non-confidential basis from a third party not known by the receiving party to be under an obligation of confidentiality; or
- .4 that is independently developed by the receiving party without access to, or use of, any “confidential” or “business proprietary” information.

§ 16.7 Capitalization

Terms capitalized in the Contract include those that are (1) specifically defined, (2) the titles of numbered articles, or (3) the titles of other AIA Contract Documents.

§ 16.8 Interpretation

§ 16.8.1 In the interest of brevity the Design-Build Documents frequently omit modifying words such as “all” and “any” and articles such as “the” and “an,” but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

§ 16.8.2 Unless otherwise stated in the Design-Build Documents, words which have well-known technical or construction industry meanings are used in the Design-Build Documents in accordance with such recognized meanings.

§ 16.9 The invalidity of any provision of this Agreement shall not invalidate this Agreement or its remaining provisions. If it is determined that any provision of this Agreement violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case this Agreement shall be construed, to the fullest extent permitted by law, to give effect to the parties’ intentions and purposes in executing this Agreement.

§ 16.10 In accordance with Section 1.1.5, the Design-Builder shall coordinate with the Owner in establishing building information modeling and digital data protocols for the Project governing the development, use, transmission, and exchange of, and reliance on, digital data.

§ 16.10.1 Any use of, or reliance on, all or a portion of a building information model without agreement to written protocols governing the use of, and reliance on, the information contained in the model shall be at the using or relying party’s sole risk and without liability to the other party and its subcontractors or consultants, the authors of, or contributors to, the building information model, and each of their agents and employees.

- .3 That portion of Change Directives that the Owner determines to be reasonably justified.

§ B.1.5.2.2.2 The amount of each progress payment shall be reduced by:

§ B.1.5.2.3.2 The following items are not subject to retainage:

(Insert any items not subject to the withholding of retainage, such as Design Services, general conditions, bonds, insurance, etc.)

§ B.1.5.2.3.3 Reduction or limitation of retainage, if any, shall be as follows:

(If the retainage established in Section B.1.5.2.3.1 is to be modified prior to Substantial Completion of the entire Work, including modifications for Substantial Completion of portions of the Work as provided in Section B.1.5.2.3.4, insert provisions for such modifications.)

§ B.1.5.2.3.4 Upon Substantial Completion of the Work, the Design-Builder may submit an Application for Payment that includes the retainage withheld from prior Applications for Payment, except as follows:

§ B.1.5.2.3.5 Except with the Owner's prior approval, the Design-Builder shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

§ B.1.5.3 Progress Payments—Cost of the Work Plus a Fee

§ B.1.5.3.1 Where the Contract Sum is based upon the Cost of the Work plus a fee without a Guaranteed Maximum Price, Applications for Payment shall show the Cost of the Work actually incurred by the Design-Builder through the end of the period covered by the Application for Payment and for which Design-Builder has made or intends to make actual payment prior to the next Application for Payment.

§ B.1.5.3.2 In accordance with AIA Document A141-2024, and subject to other provisions of the Design-Build Documents, the amount of each progress payment shall be computed as follows:

§ B.1.5.3.2.1 The amount of each progress payment shall include:

- .1 The Cost of the Work as described in Article B.6;
- .2 That portion of Change Directives that the Owner determines to be reasonably justified; and
- .3 The Design-Builder's Fee computed upon the Cost of the Work described in Section B.1.5.3.2.1.1 at the rate stated in Section B.1.3.2; or if the Design-Builder's Fee is stated as a fixed sum in Section B.1.3.2 an amount which bears the same ratio to that fixed-sum Fee as the Cost of the Work included in Section B.1.5.3.2.1.1 bears to a reasonable estimate of the probable Cost of the Work upon its completion.

§ B.1.5.3.2.2 The amount of each progress payment shall be reduced by:

- .1 The aggregate of any amounts previously paid by the Owner;
- .2 The amount, if any, for Work that remains uncorrected and for which the Owner has previously withheld a Certificate for Payment as provided in Article 9 of AIA Document A141–2024;
- .3 Any amount for which the Design-Builder does not intend to pay a Subcontractor, sub-subcontractor, or material supplier, unless the Work has been performed by others the Design-Builder intends to pay;
- .4 Any amount for which the Owner may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A141–2024;
- .5 The shortfall, if any, indicated by the Design-Builder in the documentation required by Section B.1.5.1.4 to substantiate prior Applications for Payment, or resulting from errors subsequently discovered by the Owner’s auditors in such documentation; and
- .6 Retainage withheld pursuant to Section B.1.5.3.3.

§ B.1.5.3.3 Retainage

§ B.1.5.3.3.1 For each progress payment made prior to Substantial Completion of the Work, the Owner may withhold the following amount, as retainage, from the payment otherwise due:

(Insert a percentage or amount to be withheld as retainage from each Application for Payment. The amount of retainage may be limited by governing law.)

§ B.1.5.3.3.2 The following items are not subject to retainage:

(Insert any items not subject to the withholding of retainage, such as Design Services, general conditions, bonds, insurance, etc.)

§ B.1.5.3.3.3 Reduction or limitation of retainage, if any, shall be as follows:

(If the retainage established in Section B.1.5.3.3.1 is to be modified prior to Substantial Completion of the entire Work, including modifications for Substantial Completion of portions of the Work as provided in Section B.1.5.3.3.4, insert provisions for such modification.)

§ B.1.5.3.3.4 Upon Substantial Completion of the Work, the Design-Builder may submit an Application for Payment that includes the retainage withheld from prior Applications for Payment except as follows:

(Insert any conditions precedent to the release of all or a portion of the retainage, such as correction of the Construction Work, consent of surety, etc.)

§ B.1.5.4 Progress Payments—Cost of the Work Plus a Fee with a Guaranteed Maximum Price

§ B.1.5.4.1 Applications for Payment where the Contract Sum is based upon the Cost of the Work Plus a Fee with a Guaranteed Maximum Price shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment. The percentage of completion shall be the lesser of (1) the percentage of that portion of the Work which has actually been completed; or (2) the percentage obtained by dividing (a) the expense that has actually been incurred by the Design-Builder on account of that portion of the Work for which the Design-Builder has made payment or intends to make payment prior to the next Application for Payment, by (b) the share of the Guaranteed Maximum Price allocated to that portion of the Work in the schedule of values.

§ B.1.5.4.2 In accordance with AIA Document A141-2024, and subject to other provisions of the Design-Build Documents, the amount of each progress payment shall be computed as follows:

§ B.1.5.4.3 The amount of each progress payment shall include:

- .1 That portion of the Guaranteed Maximum Price properly allocable to completed Work as determined by multiplying the percentage of completion of each portion of the Work by the share of the Guaranteed Maximum Price allocated to that portion of the Work in the most recent schedule of values;

- .2 That portion of the Guaranteed Maximum Price properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction or, if approved in writing in advance by the Owner, suitably stored off the site at a location agreed upon in writing;
- .3 That portion of Change Directives that the Owner determines to be reasonably justified; and
- .4 The Design-Builder's Fee, computed upon the Cost of the Work described in Sections B.1.5.4.3.1 and B.1.5.4.3.2 at the rate stated in Section B.1.4.2 or, if the Design-Builder's Fee is stated as a fixed sum in that Section, an amount that bears the same ratio to that fixed-sum fee as the Cost of the Work included in Sections B.1.5.4.3.1 and B.1.5.4.3.2 bears to a reasonable estimate of the probable Cost of the Work upon its completion.

§ B.1.5.4.4 The amount of each progress payment shall be reduced by:

- .1 The aggregate of any amounts previously paid by the Owner;
- .2 The amount, if any, for Work that remains uncorrected and for which the Owner has previously withheld a Certificate for Payment as provided in Article 9 of AIA Document A141–2024;
- .3 Any amount for which the Design-Builder does not intend to pay a Subcontractor, sub-subcontractor, or material supplier, unless the Work has been performed by others the Design-Builder intends to pay;
- .4 Any amount for which the Owner may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A141–2024;
- .5 The shortfall, if any, indicated by the Subcontractor in the documentation required by Section B.1.5.1.4 to substantiate prior Applications for Payment, or resulting from errors subsequently discovered by the Owner's auditors in such documentation; and
- .6 Retainage withheld pursuant to Section B.1.5.4.5.

§ B.1.5.4.5 Retainage

§ B.1.5.4.5.1 For each progress payment made prior to Substantial Completion of the Work, the Owner may withhold the following amount, as retainage, from the payment otherwise due:

(Insert a percentage or amount to be withheld as retainage from each Application for Payment. The amount of retainage may be limited by governing law.)

§ B.1.5.4.5.2 The following items are not subject to retainage:

(Insert any items not subject to the withholding of retainage, such as Design Services, general conditions, bonds, insurance, etc.)

§ B.1.5.4.5.3 Reduction or limitation of retainage, if any, shall be as follows:

(If the retainage established in Section B.1.5.4.5.1 is to be modified prior to Substantial Completion of the entire Work, including modifications for Substantial Completion of portions of the Work as provided in Section B.1.5.4.5.4, insert provisions for such modification.)

§ B.1.5.4.5.4 Upon Substantial Completion of the Work, the Design-Builder may submit an Application for Payment that includes the retainage withheld from prior Applications for Payment, except as follows:

(Insert any conditions precedent to the release of all or a portion of the retainage, such correction of the Construction Work, consent of surety, etc.)

§ B.1.5.5 Final Payment

§ B.1.5.5.1 Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Design-Builder not later than 30 days after:

- .1 the Design-Builder has fully performed the Agreement, except for the Design-Builder's responsibility to correct Construction Work as provided in Article 12 of AIA Document A141–2024, and to satisfy other requirements, if any, which extend beyond final payment;

- .2 the Design-Builder has submitted a final Application for Payment and, if the Contract Sum is based on the Cost of the Work, a final accounting for the Cost of the Work;
- .3 a final Certificate for Payment has been issued by the Owner in accordance with Article 9 of AIA Document A141–2024;
- .4 other conditions precedent to the Owner’s obligations to issue final payment to the Design-Builder:
(Insert any other conditions precedent to final payment.)

§ B.1.5.5.2 If the Contract Sum is based on the Cost of the Work, within 30 days of the Owner’s receipt of the Design-Builder’s final accounting for the Cost of the Work, the Owner shall conduct an audit of the Cost of the Work or notify the Design-Builder that it will not conduct an audit.

§ B.1.5.5.2.1 If the Owner conducts an audit of the Cost of the Work, the Owner shall, within 10 days after completion of the audit, submit a written report based upon the auditors’ findings to the Design-Builder.

§ B.1.5.5.2.2 Within seven days after receipt of the written report described in Section B.1.5.5.2.1, or receipt of notice that the Owner will not conduct an audit, and provided that the other conditions of Section B.1.5.5.1 have been met, the Owner will either issue a final Certificate for Payment to the Design-Builder, or notify the Design-Builder in writing of the Owner’s reasons for withholding a certificate. The time periods stated in this Section B.1.5.5.2.2 supersede those stated in Article 9 of AIA Document A141–2024. The Owner is not responsible for verifying the accuracy of the Design-Builder’s final accounting.

§ B.1.5.5.2.3 If the Owner’s auditors’ report concludes that the Cost of the Work, as substantiated by the Design-Builder’s final accounting, is less than the amount claimed by the Design-Builder, the Design-Builder shall be entitled to request mediation of the disputed amount pursuant to Article 15 of the AIA Document A141–2024, without seeking an initial resolution of the claim pursuant to Article 15 of AIA Document A141–2024. A request for mediation shall be made by the Design-Builder within 30 days after the Design-Builder’s receipt of a copy of the Owner’s final Certificate for Payment. Failure to request mediation within this 30-day period shall result in the substantiated amount reported by the Owner’s auditors becoming binding on the Design-Builder. Pending a final resolution of the disputed amount, the Owner shall pay the Design-Builder the amount substantiated by the Owner’s auditors within 30 days or such shorter period required by law.

§ B.1.5.5.3 If, subsequent to final payment, and at the Owner’s request, the Design-Builder incurs costs, described in Sections B.6.2, and not excluded by Section B.6.3, to correct defective or nonconforming Construction Work, the Owner shall reimburse the Design-Builder for such costs, and the Design-Builder’s Fee applicable thereto, on the same basis as if such costs had been incurred prior to final payment, but not in excess of the Guaranteed Maximum Price, if the Contract Sum is based on the Cost of the Work subject to a Guaranteed Maximum Price. If adjustments to the Contract Sum are provided for in Section B.1.4, the amount of those adjustments shall be recalculated, taking into account any reimbursements made pursuant to this Section B.1.5.5.3 in determining the net amount to be paid by the Owner to the Design-Builder.

§ B.6.2.6.4 Costs of implementation of, and compliance with, protective safeguards that may be required under the Design-Builder's or Owner's builder's risk policy.

§ B.6.2.7 Related Party Transactions

§ B.6.2.7.2 If any of the costs to be reimbursed arise from a transaction between the Design-Builder and a related party, the Design-Builder shall notify the Owner of the specific nature of the contemplated transaction, including the identity of the related party and the anticipated cost to be incurred, before any such transaction is consummated or cost incurred. If the Owner, after such notification, authorizes the proposed transaction in writing, then the cost incurred shall be included as a cost to be reimbursed, and the Design-Builder shall procure the Work, equipment, goods, or service, from the related party, as a Subcontractor, according to the terms of Section B.6.5. If the Owner fails to authorize the

transaction in writing, the Design-Builder shall procure the Work, equipment, goods, or service from some person or entity other than a related party according to the terms of Section B.6.5.

§ B.6.3 Costs Not to Be Reimbursed as Part of this Contract

The Cost of the Work shall not include the items listed below:

- .1 Salaries and other compensation of the Design-Builder's personnel stationed at the Design-Builder's principal office or offices other than the site office, except as specifically provided in Section B.6.2.1 or as may be provided elsewhere in the Agreement;
- .2 Bonuses, profit sharing, incentive compensation, and any other discretionary payments, paid to anyone hired by the Design-Builder or paid to any Subcontractor or vendor, unless the Owner has provided prior approval;
- .3 Expenses of the Design-Builder's principal office and offices other than the site office;
- .4 Overhead and general expenses, except as may be expressly included in Section B.6.2;
- .5 The Design-Builder's capital expenses, including interest on the Design-Builder's capital employed for the Work;
- .6 Except as provided in Section B.6.2.6.3 of this Amendment, costs due to the negligence of, or failure to fulfill a specific responsibility of the Agreement by, the Design-Builder, Contractors, and suppliers, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable;
- .7 Any cost not specifically and expressly described in Section B.6.2; and
- .8 Costs, other than costs included in Modifications approved by the Owner, that would cause the Guaranteed Maximum Price to be exceeded.

§ B.6.4 Discounts, Rebates, and Refunds

§ B.6.4.1 Cash discounts obtained on payments made by the Design-Builder shall accrue to the Owner if (1) before making the payment, the Design-Builder included the amount to be paid, less such discount, in an Application for Payment and received payment from the Owner, or (2) the Owner has deposited funds with the Design-Builder with which to make payments; otherwise, cash discounts shall accrue to the Design-Builder. Trade discounts, rebates, refunds, and amounts received from sales of surplus materials and equipment shall accrue to the Owner, and the Design-Builder shall make provisions so that they can be obtained.

§ B.6.4.2 Amounts that accrue to the Owner in accordance with Section B.6.4.1 shall be credited to the Owner as a deduction from the Cost of the Work.

§ B.6.5 Other Agreements

§ B.6.5.1 Those portions of the Construction Work that the Design-Builder does not customarily perform with the Design-Builder's own personnel shall be performed under subcontracts or other appropriate agreements with the Design-Builder. The Owner may designate specific persons from whom, or entities from which, the Design-Builder shall obtain bids. The Design-Builder shall obtain bids from Subcontractors, and from suppliers of materials or equipment fabricated especially for the Construction Work, who are qualified to perform that portion of the Construction Work in accordance with the requirements of the Design-Build Documents. The Design-Builder shall deliver such bids to the Owner with an indication as to which bids the Design-Builder intends to accept. The Owner then has the right to review the Design-Builder's list of proposed Subcontractors and suppliers and, subject to Section 5.9.1.1 of the Agreement, to object to any Subcontractor or supplier. Any approval or objection by the Owner shall not relieve the Design-Builder of its responsibility to perform the Construction Work in accordance with the Design-Build Documents. The Design-Builder shall not be required to contract with anyone to whom the Design-Builder has reasonable objection.

§ B.6.5.1.1 When a specific Subcontractor or supplier (1) is recommended to the Owner by the Design-Builder; (2) is qualified to perform that portion of the Construction Work; and (3) has submitted a bid that conforms to the requirements of the Design-Build Documents without reservations or exceptions, but the Owner requires that another bid be accepted, then the Design-Builder may require that a Change Order be issued to adjust the Guaranteed Maximum Price by the difference between the bid of the person or entity recommended to the Owner by the Design-Builder and the amount of the Subcontract or other agreement actually signed with the person or entity designated by the Owner.

§ B.6.5.2 Subcontracts or other agreements shall conform to the applicable payment provisions of the Design-Build Documents and shall not be awarded on the basis of cost plus a fee without the Owner's prior written approval. If a subcontract is awarded on the basis of cost plus a fee, the Design-Builder shall provide in the Subcontract for the Owner

to receive the same audit rights with regard to the Subcontractor as the Owner receives with regard to the Design-Builder in this Amendment.

§ B.6.6 Accounting Records

The Design-Builder shall keep full and detailed records and accounts related to the Cost of the Work and exercise such controls, as may be necessary for proper financial management under the Agreement and to substantiate all costs incurred. The accounting and control systems shall be satisfactory to the Owner. The Owner and the Owner's auditors shall, during regular business hours and upon reasonable notice, be afforded access to, and shall be permitted to audit and copy, the Design-Builder's records and accounts, including complete documentation supporting accounting entries, books, job cost reports, correspondence, instructions, drawings, receipts, subcontracts, Subcontractor's proposals, Subcontractor invoices, purchase orders, vouchers, memoranda, and other data relating to this Agreement. The Design-Builder shall preserve these records for a period of three years after final payment, or for such longer period as may be required by law.

§ B.6.7 Relationship of the Parties

If the basis of payment to the Design-Builder is the Cost of the Work plus a Fee without a Guaranteed Maximum Price or the Cost of the Work plus a Fee with a Guaranteed Maximum Price, the Design-Builder accepts the relationship of trust and confidence established by the Agreement and covenants with the Owner to exercise the Design-Builder's skill and judgment in furthering the interests of the Owner; to furnish efficient business administration and supervision; to furnish at all times an adequate supply of workers and materials; and to perform the Work in an expeditious and economical manner consistent with the Owner's interests. The Owner agrees to furnish and approve, in a timely manner, information required by the Design-Builder and to make payments to the Design-Builder in accordance with the requirements of the Design-Build Documents.

This Amendment to the Agreement entered into as of the day and year first written above.

ARTICLE C.1 GENERAL PROVISIONS

§ C.1.1 This Exhibit provides for the establishment of the Work of the Design-Builder and requirements and services of the Owner, where the Project includes achievement of a Sustainable Objective.

§ C.1.2 Definitions

§ C.1.2.1 Sustainable Objective. The Sustainable Objective is the Owner’s goal of incorporating Sustainable Measures into the design, construction, maintenance, and operations of the Project to achieve a Sustainability Certification or other benefit to the environment, to enhance the health and well-being of building occupants, or to improve energy efficiency.

§ C.1.2.2 Sustainable Measure. A Sustainable Measure is a specific design or construction element, or post occupancy use, operation, maintenance, or monitoring requirement that must be completed to achieve the Sustainable Objective. The Owner and Design-Builder shall each have responsibility for the Sustainable Measure(s) allocated to them in the Sustainability Plan.

§ C.1.2.3 Sustainability Plan. The Sustainability Plan is a Design-Build Document that identifies and describes: the Sustainable Objective; the targeted Sustainable Measures; implementation strategies selected to achieve the Sustainable Measures; the Owner's and Design-Builder's roles and responsibilities associated with achieving the Sustainable Measures; the specific details about design reviews, testing, or metrics to verify achievement of each Sustainable Measure; and the Sustainability Documentation required for the Project.

§ C.1.2.4 Sustainability Certification. The Sustainability Certification is the initial third-party certification of sustainable design, construction, or environmental or energy performance, such as LEED®, Green Globes™, Energy Star® or another rating or certification system, that may be designated as the Sustainable Objective or part of the Sustainable Objective for the Project. The term Sustainability Certification shall not apply to any recertification or certification occurring subsequent to the initial certification.

§ C.1.2.5 Sustainability Documentation. The Sustainability Documentation includes all documentation related to the Sustainable Objective or to a specific Sustainable Measure that the Owner or Design-Builder is required to prepare in accordance with the Design-Build Documents. Responsibility for preparation of specific portions of the Sustainability Documentation will be allocated among the Owner and Design-Builder in the Sustainability Plan and may include documentation required by the Certifying Authority.

§ C.1.2.6 Certifying Authority. The Certifying Authority is the entity that establishes criteria for achievement of a Sustainability Certification and is authorized to grant or deny a Sustainability Certification.

§ C.1.3 Set forth below any incentive programs related to the Sustainable Objective the Owner intends to pursue, any deadlines for receiving the incentives, and any requirements related to the incentive programs that apply to the Design-Builder or the performance of the Design-Builder's services:
(Identify incentive programs the Owner intends to pursue and deadlines for submitting or applying for the incentive program.)

§ C.1.4 The Parties agree to incorporate this Exhibit into the agreements with the project participants performing services or Work in any way associated with the Sustainable Objective.

ARTICLE C.2 DESIGN-BUILDER

§ C.2.1 Scope of Design-Builder's Sustainability Services

The Design-Builder shall provide the Sustainability Services described in this Article C.2 in conjunction with the Work described in the Agreement.

§ C.2.2 Sustainability Certification Agreements. If the anticipated Sustainable Objective set forth in the Owner's Criteria includes a Sustainability Certification, the Design-Builder shall provide the Owner with copies of all agreements required by the Certifying Authority to register the Project and pursue the Sustainability Certification. The Owner and Design-Builder will review and confirm that the terms of those agreements are acceptable to the Owner before moving forward with the Sustainability Services under this Article C.2. The Owner agrees to execute all documents required by the Certifying Authority to be executed by the Owner; including any documentation required to establish the authority of the Design-Builder, the Architect, or a Consultant, as an agent of the Owner, for the limited purpose of pursuing the Sustainability Certification.

§ C.2.3 Preliminary Design

§ C.2.3.1 Sustainability Workshop. As soon as practicable, but not later than the conclusion of Preliminary Design, the Design-Builder, and as necessary the Design-Builder's Architect and Consultants, shall conduct a Sustainability Workshop with the Owner and, as requested by the Design-Builder, with the Owner's consultants, during which the participants will: review and discuss potential Sustainability Certifications; establish the Sustainable Objective; discuss potential Sustainable Measures to be targeted; examine strategies for implementation of the Sustainable Measures; and discuss the potential impact of the Sustainable Measures on the Project schedule, the Owner's program, and the Owner's budget for the Work.

§ C.2.4 Sustainability Plan Services

§ C.2.4.1 Following the Sustainability Workshop, the Design-Builder shall prepare a Sustainability Plan based on the Sustainable Objective and targeted Sustainable Measures. The Sustainability Plan shall not change the Owner's Criteria unless the Owner and Design-Builder execute a Modification reflecting any such change.

§ C.2.4.2 As part of the Design-Builder's submission of the Preliminary Design prepared in accordance with the Agreement, the Design-Builder shall submit the Sustainability Plan prepared in accordance with Section C.2.4.1, to the Owner, and request the Owner's approval.

§ C.2.4.3 As part of the Design-Builder's submission of the Construction Documents prepared in accordance with the Agreement, the Design-Builder shall advise the Owner of any adjustments to the Sustainability Plan and request the Owner's approval.

§ C.2.4.4 The Design-Builder shall perform those Sustainable Measures identified as the responsibility of the Design-Builder in the approved Sustainability Plan and any approved changes to the Sustainability Plan.

§ C.2.4.5 The Design-Builder shall prepare the Preliminary Design and Construction Documents to incorporate the Sustainable Measures identified in the Sustainability Plan, as appropriate.

§ C.2.4.6 As part of the Sustainable Measures, the Project may require the use of materials and equipment that have had limited testing or verification of performance. The Design-Builder may be unable to determine whether the materials or equipment will perform as represented by the manufacturer or supplier. The Design-Builder shall discuss with the Owner the proposed use of such materials or equipment and potential effects on the Sustainable Objective that may occur if the materials or equipment fail to perform in accordance with the manufacturer's or supplier's representations. The Owner will render a written decision regarding the use of such materials or equipment in a timely manner. In the event the Owner elects to proceed with the use of such materials or equipment, the Design-Builder shall be permitted to rely on the manufacturer's or supplier's representations and shall not be responsible for any damages arising from failure of the material or equipment to perform in accordance with the manufacturer's or supplier's representations.

§ C.2.5 Design-Builder's Proposal

§ C.2.5.1 As part of the Design-Builder's submission of the Design-Builder's Proposal, in accordance with the Agreement, the Design-Builder shall advise the Owner of any adjustments to the Sustainability Plan.

§ C.2.5.2 If the Owner and Design-Builder agree upon the Design-Builder's Proposal, including the Sustainability Plan, the Owner and Design-Builder shall include the Sustainability Plan in the Design-Build Amendment executed in accordance with the Agreement.

§ C.2.6 Construction Work

§ C.2.6.1 The Design-Builder shall advise and consult with the Owner regarding the progress of the Project toward achievement of the Sustainable Measures. Based on site visits performed in accordance with the Agreement and other information received, the Design-Builder shall promptly notify the Owner of known deviations from the Design-Build Documents and defects or deficiencies in the Work that will affect the achievement of Sustainable Measures. The Design-Builder shall meet with the Owner to discuss remedies or, where appropriate, alternatives to achieve the Sustainable Measures.

§ C.2.6.2 If the Design-Builder determines that a proposed change in the Work would materially impact a Sustainable Measure or the Sustainable Objective, the Design-Builder shall notify the Owner and, upon the Owner's written authorization, further investigate such change.

§ C.2.6.3 At Substantial Completion, the Design-Builder shall forward to the Owner all Sustainability Documentation prepared by the Design-Builder in accordance with the Design-Build Documents, except for Sustainability Documentation which by its nature must be completed after Substantial Completion.

§ C.2.6.4 The Owner's final payment to the Design-Builder does not relieve the Design-Builder's obligation to fulfill its responsibilities related to achieving the Sustainable Objective.

§ C.2.6.5 The Design-Builder shall be responsible for preparing and completing the Sustainability Documentation required by the Design-Build Documents, including any Sustainability Documentation required to be submitted after Substantial Completion.

§ C.2.6.6 Construction Waste Management

The Design-Builder, in accordance with the Design-Build Documents, shall prepare and submit to the Owner a construction waste management and disposal plan setting forth the procedures and processes for salvaging, recycling, or

disposing of construction waste generated from the Project. The Design-Builder shall recycle, reuse, remove, or dispose of materials as required by the Design-Build Documents.

§ C.2.6.7 Substantial Completion

Verification that the Project has achieved the Sustainable Objective, or the actual achievement of the Sustainable Objective, shall not be a condition precedent to issuance of a Certificate of Substantial Completion. Except for that portion of the Sustainability Documentation that by its nature must be provided after Substantial Completion, the Design-Builder shall submit all other Sustainability Documentation required from the Design-Builder by the Design-Build Documents no later than the date of Substantial Completion.

§ C.2.6.8 Final Completion

§ C.2.6.8.1 All Sustainability Documentation required from the Design-Builder by the Design-Build Documents shall be submitted to the Owner before final payment or any remaining retained percentage shall become due.

§ C.2.6.8.2 Verification that the Project has achieved the Sustainable Objective, or the actual achievement of the Sustainable Objective, shall not be a condition precedent to issuance of the final Certificate for Payment. Final payment does not relieve the Design-Builder's obligation to fulfill its responsibilities related to achieving the Sustainable Objective.

§ C.2.6.9 Project Registration and Submissions of Sustainability Documentation to the Certifying Authority

§ C.2.6.9.1 If the Sustainable Objective includes a Sustainability Certification, the Design-Builder, as agent for the Owner, shall perform the services set forth in this Section C.2.6.

§ C.2.6.9.2 The Design-Builder shall register the Project with the Certifying Authority. Registration fees and any other fees charged by the Certifying Authority, and paid by the Design-Builder, shall be a reimbursable expense.

§ C.2.6.9.3 The Design-Builder shall collect the Sustainability Documentation from the Owner; organize and manage the Sustainability Documentation; and, subject to Section C.2.7, submit the Sustainability Documentation to the Certifying Authority as required for the Sustainability Certification process.

§ C.2.6.9.4 Subject to Section C.2.7, the Design-Builder shall prepare and submit the application for certification of the Project to the Certifying Authority, including any required supporting documentation, in accordance with the Sustainability Plan.

§ C.2.6.9.5 Subject to Section C.2.7 and, provided the Design-Builder receives timely notice from the Owner or Certifying Authority, the Design-Builder shall prepare and file necessary documentation with the Certifying Authority to appeal a ruling or other interpretation denying a requirement, prerequisite, credit, or point necessary to achieve the Sustainability Certification.

§ C.2.6.9.6 Subject to Section C.2.7, the Design-Builder shall prepare responses to comments or questions received from the Certifying Authority, and submit additional required documentation.

§ C.2.6.9.7 Any certification, declaration, or affirmation the Design-Builder makes to the Certifying Authority shall not constitute a warranty or guarantee to the Owner or the Owner's contractors or consultants.

§ C.2.6.10 Copyrights and Licenses

§ C.2.6.10.1 Solely for the purpose of obtaining or maintaining the Sustainability Certification, the Design-Builder grants to the Owner a nonexclusive license to submit the Design-Builder's Instruments of Service, directly or through third parties, to the Certifying Authority to comply with the requirements imposed by the Certifying Authority, and further grants the Owner a nonexclusive license to allow the Certifying Authority to publish the Instruments of Service in accordance with the policies and agreements required by the Certifying Authority. The license granted in this Section C.2.6.10.1 shall terminate only if (1) the Design-Builder terminates the Agreement in accordance with Sections 14.1.3 or 14.1.4 of the Agreement or (2) the Owner terminates the Agreement for convenience as provided in Section 14.1.5 of the Agreement and does not compensate the Design-Builder as required under Section 14.1.6 and 14.1.7 of the Agreement.

§ C.2.6.10.2 Submission or distribution of Instruments of Service to meet requirements of a Certifying Authority in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Design-Builder or those of the Architect, Consultants, and Contractors.

§ C.2.7 Additional Services

§ C.2.7.1 Upon recognizing the need to perform the following Additional Services, in addition to those listed in the Agreement, the Design-Builder shall notify the Owner with reasonable promptness and explain the facts and circumstances giving rise to the need. The Design-Builder shall not proceed to provide the following services until the Design-Builder receives the Owner's written authorization:

- .1 Changing or editing previously prepared Instruments of Service, including the Sustainability Plan, necessitated by the Certifying Authority's changes in the requirements necessary to achieve the Sustainability Certification; or
- .2 Assistance to the Owner with preparation of Sustainability Documentation, for which the Owner is responsible pursuant to the Sustainability Plan.

§ C.2.7.2 The Design-Builder shall provide services exceeding the limits set forth below as Additional Services. When the limits below are reached, the Design-Builder shall notify the Owner:

- .1 _____ (____) adjustments to the Sustainability Plan
- .2 _____ (____) meetings during the design and construction phases required to define, develop, and incorporate the Sustainable Measures into the Design-Build Documents

ARTICLE C.3 OWNER

§ C.3.1 Based on the Owner's approval of the Sustainability Plan and any approved changes to the Sustainability Plan, the Owner shall perform those Sustainable Measures identified as the responsibility of the Owner in the Sustainability Plan, or as otherwise required by the Design-Build Documents. The Owner shall require that each of its contractors and consultants performs the contractor's or consultant's services in accordance with the Sustainability Plan.

ARTICLE C.4 CLAIMS AND DISPUTES

The Owner and Design-Builder waive claims against each other for consequential damages resulting from the failure of the Project to achieve the Sustainable Objective or one or more of the Sustainable Measures.

ARTICLE C.5 MISCELLANEOUS PROVISIONS

§ C.5.1 The Owner and Design-Builder acknowledge that achieving the Sustainable Objective is dependent on many factors beyond the Design-Builder's control, such as the Owner's use and operation of the Project; the work or services provided by the Owner's separate contractors or consultants; or interpretation of credit requirements by a Certifying Authority. Accordingly, the Design-Builder does not warrant or guarantee that the Project will achieve the Sustainable Objective.

§ C.5.2 This Sustainable Projects Exhibit shall not be construed to create a contractual relationship of any kind between (1) the Owner and a Subcontractor or a Sub-subcontractor, (2) the Owner and the Architect or Architect's consultants, or (3) the Design-Builder and the Owner's Consultants or Separate Contractors.
